Dear Sir,

In response to your enquiry regarding the appearance or non-appearance of notices in the local press, there are a variety of reasons why an application may have to be advertised in this way. The vast majority of applications, however, only need to be publicised locally by means of a notice on or near the site and this was all that was needed in your case. The newspaper may, of course, choose to print its own reports, either concerning applications submitted or in respect of the comments made.

Yours faithfully
