Name Ian Marshman - Historic Environment Officer
Address Historic Environment Officer Lincolnshire County Council Lancaster House LN1 1XX

Date Submitted 25-08-22
For/Against Comments

The written scheme of archaeological investigation (WSI) submitted meets the requirements of this office in respect of Condition 3. We also received due notification of the work commencing so Condition 4 has also been met.

However, the final report on the archaeological excavations has not been provided and remains outstanding. Therefore Condition 5 has not yet been complied with.

Only conditions 3, and 4 can therefore be discharged at the present time. In order to comply with Condition 5 this will require the final report to be submitted for approval, and the deposition of the paper and material archive at a suitable museum.
