No objections.

The property is of a relatively modest appearance, but nevertheless holds a degree of aesthetic charm as an example of C19th agricultural development. It is, however, in a poor condition with numerous less attractive alterations that detract from the site's value. The proposal seeks to remove the majority of these harmful aspects, leaving what should be a relatively well preserved example of a rustic, but handsome small property. This should comply with Policy 22, sections 3 and 4 of the SELLP
