Afternoon Tracey,

Please see below email from our client.

We hope this answers your questions.

Regards
Hannah

Hi Hannah,

This would be in the form of group activities - quizzes, talks, bingo, practical projects (flower arranging etc). We would be looking to have a music and tv license for background entertainment, and to possibly show a football match for example. Otherwise, I am expecting this to be social entertainment, and not live bands/discos or the like, especially as we are going to be open during the day.

I hope this helps?

Michael

Hi Bob,

I have been contacted by the Environmental Health team regarding the use of the premises for entertainment purposes. They would like clarification as to the types of entertainment this would allude to. Would you therefore ask the client for more details so we can pinpoint the type of activities that could take place within the building or within its grounds.

I look forward to hearing from you.

Regards

Hi Tracey

Further to our conversation regarding the above I would be grateful if you ask the applicant to clarify the proposed “entertainment” use for the building.

Regards

Steve Branson
