Reason: The application was submitted in outline only.

3 The approved scheme of landscaping and/or screening shall be carried out in its entirety within a period of two years beginning with the date on which development of the land is commenced. The trees, shrubs or bushes shall be adequately maintained by the owner(s) of the land on which they are situated for a period of ten years beginning with the date of completion of the scheme, and all losses shall be made good during that period.

Reason: In the interests of visual amenity and to ensure that the approved scheme is implemented satisfactorily.

4 Before the dwelling is occupied a further 1000 square metres of glasshousing/polytunnel shall be constructed on the site.

Reason: In the interests of business development and viability.

5 The occupation of the dwelling shall be limited to a person solely or mainly employed, or last employed, locally in agriculture as defined in Section 336 of the Town and Country Planning Act 1990, or a dependent of such a person residing with him, or a widow or widower of such a person.

Reason: The site is in a rural area where it is the policy of the Local Planning Authority not to permit residential development except in the interests of agriculture or where related to the use of the land. The circumstances of this case relate to an agricultural need, and permission is therefore confined to it.

The determined plans are:
1:2500 site location plan received on 7 Nov 02.

Your attention is drawn to the existence of a Section 106 Planning Obligation regulating the development hereby permitted.

The glasshousing/polytunnel required by Condition 4 will require planning permission.
