Attachments: 2132-10-05F Proposed A1.pdf

Dear David

Following our telephone conversation earlier this week regarding the above Condition Compliance Application please find attached a copy of the amended plan showing:-

- The brick change, as agreed on site.
- The UPVC windows removed on the front elevation and changed to Timber Sliding Sash.

Hopefully this application can be formally approved, any queries please give me a call.

Regards
Sarah

Dear Bob,

In relation to the above condition compliance application.

The submitted plans indicate that the new windows on the front elevation will be UPVC. However, they will need to be timber in accordance with Condition 5 of H18-0245-11. The design should be sliding sash given the site's important location within the proposed conservation area, in close proximity to listed buildings.

Please also provide details of the storage and disposal of waste food, etc from the takeaway.

I hope the above is of assistance, but must stress that the views expressed are purely my professional opinion and offered without prejudice to any subsequent decision by this Authority.

Regards.
