The size and location of this property render it obsolete for a family dwelling and in order for the site to be viable demolition and replacement is sought.

The site is relatively flat and offers an uninterrupted panoramic vista. There are no neighbouring properties that could be overlooked by any potential development. The site is flanked to the South by a row of trees and a small spinney to the North. Sutton Bridge Power station is visible on the horizon to the North. Access is from King Johns Bank to the South East extreme of the site.
