TOWN AND COUNTRY PLANNING ACT 1990 OUTLINE

Reference: H18-0655-24 **Date of Decision:** 26th September 2024
Applicant: Mr Bissett
C/O Austin John Architectural
Rualen
Mill Green Road
Pinchbeck
PE11 3PU
Location: Rear Of 9 New Road Sutton Bridge Spalding Lincolnshire
Description: Demolition of workshop (retaining northern and eastern boundary walls of building to create garden walls) & erection of dwelling

South Holland District Council hereby give notice that this application has been REFUSED for the above proposal for the following reason(s):

- 1 Policy 2 of the adopted South East Lincolnshire Local Plan (SELLP, 2019) states that proposals requiring planning permission for development will be permitted provided that sustainable development considerations are met, specifically in relation to size, scale, layout, density and impact on the amenity, trees, character and appearance of the area and the relationship to existing development and land uses. Policy 3 of the adopted South East Lincolnshire Local Plan (SELLP, 2019) states that development proposals will demonstrate how an acceptable design of development including residential amenity will be secured. Policy 30 of the adopted South East Lincolnshire Local Plan (SELLP, 2019) states that development proposals will not be permitted where they would lead to unacceptable adverse impacts on the amenities of the area. Paragraph 135 of the National Planning Policy Framework (NPPF, December 2023) states that decisions should ensure that developments will function well and add to the overall quality of the area, are visually attractive as a result of good architecture, layout and appropriate and effective landscaping, are sympathetic to local character and create places that are safe, inclusive and accessible and which promote health and well-being, with a high standard of amenity

for existing and future users. Finally, Paragraph 134 of the National Planning Policy Framework (NPPF, December 2023) states that development that is not well designed should be refused, especially where it fails to reflect local design policies and government guidance on design.

Although indicative due to the application being at outline stage, by virtue of its size and density the location of a dwelling within this plot would appear as a cramped and contrived form of development with minimal options to alter the scheme. Due to the minimalistic size of the plot there is little room to rearrange the positioning to a more suitable location and this would not resolve these issues. It is therefore considered that as the plot as a whole is small it is not capable of hosting a new property even if changes were made and a dwelling would not be suitable in this position or location and should be refused due to its confliction with Policies 2 and 3 of the South East Lincolnshire Local Plan (SELLP, 2019) and Paragraph 135 of the National Planning Policy Framework (NPPF, December 2023).

- 2 Paragraph 135 of the National Planning Policy Framework (December 2023) states that development should create places that are safe, inclusive and accessible and which promote health and well-being, with a high standard of amenity for existing and future users; and where crime and disorder, and the fear of crime, do not undermine the quality of life or community cohesion and resilience. Policies 2 and 3 of South East Lincolnshire Local Plan (2019) sets out that residential amenity and the relationship to existing development and land uses is a main consideration when making planning decisions.

Due to the Flood Risk Assessment recommending that the finished floor levels must be set at 1m above ground level plus the Environment Agency's comments stating that the property must be two stories this will mean that any propose dwelling on site would materially overshadow onto the existing rear garden of 9 New Road due to the positioning of the sites and would result in an unacceptable impact on the neighbour therefore conflicting with Policies 2 and 3 of the South East Lincolnshire Local Plan (SELLP, 2019) and this issue would not be able to be resolved due to the high flood risk in this area and therefore amended plans would not remove this concern without creating significant and unacceptable flood risk concerns.

Notes:

The Local Planning Authority has acted positively and proactively in determining this application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise. However, the issues are so fundamental to the proposal, due to the harm which has been clearly identified within the reason(s) for the refusal, that approval has not been possible.

RIGHTS OF APPEAL

<https://www.gov.uk/appeal-householder-planning-decision>

<https://www.gov.uk/appeal-planning-decision>

Enforcement Notices

If an enforcement notice was served prior to the planning application being determined then the deadline for appealing is 28 days from the date of the **planning refusal**.

If an enforcement notice is served after the planning application is determined then the deadline for appealing is 28 days from the date of the **enforcement notice** OR the **timescales stated above for each application type** from the date of the planning refusal - whichever is sooner.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in

giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under the order.

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grant it subject to conditions the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of the Part VI of the Town and Country Planning Act 1990 or Section 32 of the Planning (Listed Building and Conservation Areas) Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in Section 114 and related provisions of the Town and Country Planning Act 1990 and Section 27 of the Planning (Listed Building and Conservation Areas) Act 1990.
