Helpringham
Sleaford
Lincs NG34 ORA

Description: Construct two smallholdings each to include dwelling with garage, agricultural building for storage, packing & office
Location : Land south of Bridge Road Sutton Bridge Spalding Lincs

South Holland District Council hereby give notice that PERMISSION HAS BEEN REFUSED for the development for the following reason(s):

1 The site is outside the confines of a settlement in an area of open countryside where it is the policy of the Local Planning Authority to permit new development only in exceptional cases where it is satisfied that there is a special need, particularly in connection with agriculture. In the opinion of the Local Planning Authority the information and circumstances submitted in this case are not sufficient to justify permission, which would be contrary to Policy 7a of the Lincolnshire Structure Plan. This policy is in accordance with national planning policies as set out in Planning Policy Guidance Note 7, 1992 (The Countryside and the Rural Economy), and is aimed at the conservation of the countryside, and the economic provision of services. In the opinion of the Local Planning Authority the granting of permission for the development as proposed would be harmful to the purposes of this policy, because as well as its individual effect on these issues, it would encourage further similar proposals which would be difficult to resist.

2 The proposed access track is inadequate in width and construction to cater for the additional traffic likely to be generated by the proposed development and would at the junction with Bridge Road, entail stopping and turning traffic movements on that road at a point where traffic speeds are high, to the detriment of the free flow and safety of traffic.
