based upon typical site conditions related to the area. No responsibility can be accepted for any conditions which may be discovered during construction unless reported to the Architect as part of the design amendments may be considered. Site soil surveys are recommended in respect of South Island.

used as a contract document alone. The works will not be supervised or inspected on site by Merchant or any representative thereof. It is the client or their appointed agents responsibility to ensure that the works are carried out in accordance with the specification and to ensure that the works are carried out in accordance with the specification and to ensure that the works are carried out in accordance with the specification.

Materials shall conform to appropriate British standards specification or BSI certificate or European code equivalent. The Employer / Client shall ensure that the selected contractor is conversant and adopts all measures necessary to achieve compliance with Health and Safety legislation.

Work that may not specifically be shown but may be reasonably inferred as necessary to carry out the work shall be deemed to be included. It is the plot/land owners responsibility to be aware of the work to be carried out.
