I, John Hallifax, purchased Herons Path, The Airfield, East Bank, Sutton Bridge, PE12 9YA on 3rd December 2021.

Since this date I have not lived at the property due to extensive renovation taking place, once completed this property will become my main residence.

I bought this property from the previous owners as they had closed down the coal business that was run from the premises. As a result, I would like the clause lifted stating that the occupier of the residence should have a link to this business. There is no longer a coal business run from these premises.
