

PROPOSED REPLACEMENT DWELLING
REAR OF 210 NEW ROAD
SUTTON BRIDGE LINCS
for S E KING

DO NOT SCALE FROM THIS DRAWING

This and the copyright in it is the property of Julian Warrick Architectural Design Consultant and must not be loaned, copied or disclosed by or to unauthorised parties without the written consent of Julian Warrick Architectural Design Consultant. Contractors must check all dimensions on site before commencing any work or making any shop drawings. Any discrepancies must be reported immediately to Julian Warrick Architectural Design Consultant. Figured dimensions are to be taken in preference to scaled. This drawing is to be read in conjunction with all relevant Structural Engineer's drawings and specifications. All construction is to comply with the current Building Regulations and all other relevant statutory regulations. Unless otherwise stated, all timber sizes are minimum finished sizes. Any proposed variations to the approved plans must be submitted to the Local Planning Authority for approval before work commences. Any variations carried out without approval may render the work unlawful. This notice shall constitute part of all subsequent issues of drawings relating to this project. Julian Warrick Architectural Design Consultant is registered with the Information Commissioner's Office under the Data Protection Act 1998 and handles all personal information in accordance with the principles of the Act. The Construction (Design and Management) Regulations 2015 apply to this project. Julian Warrick Architectural Design Consultant will not be responsible for any matters arising from the Construction (Design and Management) Regulations 2015 unless specifically instructed to undertake the duties of Principal Designer. The Client should appoint a competent person to undertake the duties of Principal Designer. Where Julian Warrick Architectural Design Consultant is appointed as Principal Designer, the Client is advised that the fee for the duties will be £1,000 + VAT.
