## **TOWN AND COUNTRY PLANNING ACT 1990**

### **FULL**

**Reference:** H18-0953-25 **Date of Decision:** 30th January 2026  
**Applicant:** S E King Building Contractors Ltd  
Orchard House  
107 New Road  
Sutton Bridge  
Spalding  
PE12 9QA  
**Location:** Maze Farm Hospital Drove Long Sutton Spalding  
**Description:** Demolition of Existing Barn & Erection of 1 Dwelling

**South Holland District Council, in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended), hereby give notice that permission has been GRANTED (or equivalent) for the development referred to above, subject to the following condition(s):**

- 1 The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans and/or documents:
  - 4159-23 10E - Elevations & Floor Plans
  - 4159-23 11D - Site & Location Plans
  - TE/LB/24\_778/2 - Bat Ecological Impact Assessment of an Ash Tree to be Removed
  - TE/LB/2025\_778 - Ecological Impact Assessment Report
  - 4159-23 - BNG Exemption Statement

Reason: For the avoidance of doubt and in the interests of proper planning.

- 3 The materials of the external surfaces (including brickwork, finish, roof tiles and windows) of the development hereby permitted shall be carried out in accordance with the details outlined within the application form and approved plans.

Reason: In the interests of the architectural and visual integrity of the overall development and the visual amenity of the area in which it is set.

This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

- 4 Prior to the demolition of the existing barn shown on drawing number 4159-23 11D, details of the method of demolition shall first be agreed in writing with the local planning authority. The works shall be carried out in accordance with those agreed details

All works must be carried out in accordance with National Gas Transmissions Third party guidance documentation - T/SP/SSW/22.

Reason: The applicant will need to provide NGT the method of demolition so that the impact to pipeline integrity can be assessed.

This Condition is imposed in accordance with Policies 2, 3 and 30 of the South East Lincolnshire Local Plan, 2019.

- 5 Prior to any works of excavation, details of the foundation design and method of laying shall first be submitted to and agreed in writing with the local planning authority. The works shall thereafter be implemented in accordance with the agreed details.

All works must be carried out in accordance with National Gas Transmissions Third party guidance documentation - T/SP/SSW/22.

Reason: The proximity of the NGT pipeline requires careful consideration of below ground works.

This Condition is imposed in accordance with Policies 2, 3 and 30 of the South East Lincolnshire Local Plan, 2019.

- 6 Prior to the first occupation of the dwelling hereby approved, the existing barn shown on drawing number 4159-23 11D shall be demolished and all materials removed from site.

To protect the open countryside from residential intensification and to mitigate amenity impacts caused by multiple dwellings.

Reason: This Condition is imposed in accordance with Policies 1, 2, and 30 of the South East Lincolnshire Local Plan

- 7 The development hereby permitted shall be carried out in accordance with the measures set out in the Flood Risk Assessment (December 2024) forming part of this planning application, unless otherwise agreed in writing by the Local Planning Authority. In particular, the following measures shall be fully implemented before the property is first occupied:

- Finished Floor Levels
- Resilience Measures

Note: The above approved plan does not constitute final approval of detailed site levels or finished floor levels.

Reason: To ensure that the development does not increase the risk of flooding or be at risk of flooding.

This Condition is imposed in accordance with Policies 3 and 4 of the South East Lincolnshire Local Plan, 2019 and Section 14 of the National Planning Policy Framework, December 2024.

- 8 Before any development beyond oversite is commenced, full details of the proposed means of foul and surface water disposal shall be submitted to and approved in writing by the Local Planning Authority and the details so approved shall be implemented in full before there are any flows into the receiving systems.

Reason: To ensure that the site is adequately drained, to avoid pollution, and to prevent increased risk of flooding.

This Condition is imposed in accordance with Policies 2, 3 and 30 of the South East Lincolnshire Local Plan, 2019 and Section 14 of the National Planning Policy Framework, December 2024.

- 9 The scheme of landscaping and tree planting shown on dwg. no. 4159-23 11D shall be carried out and completed in its entirety during the first planting season following practical completion of the development. All trees, shrubs and bushes shall be maintained by the owner or owners of the land on which they are situated for the period of five years beginning with the date of completion of the scheme and during that period all losses, in the opinion of the Local Planning Authority, shall be made good as and when necessary.

Reason: To ensure that the development is adequately landscaped, in the interests of its visual amenity and that of the area in which it is set.

This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

- 10 Prior to its installation, details of the proposed boundary treatments, including a schedule of fencing levels, heights and materials, and details of the size and species of any hedging, shall be submitted to and approved in writing by the Local Planning Authority, and the details so approved shall be implemented in full before the development is first brought into use and retained thereafter.

Note: Where levels are raised above existing ground levels, the submission shall be supported by cross-sectional drawings showing the relationship with adjoining uses and buildings to enable the Local Planning Authority to be satisfied that sufficient mitigation measures will be in place.

Reason: In the interests of the character and appearance of the development and the amenity of the area in which it is set including the amenity of nearby occupiers.

This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

- 11 Notwithstanding the provisions of Schedule 2, Part 1, Class A and Class D of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order or Statutory Instrument revoking and re-enacting that Order), no enlargement, improvement or other alteration to the dwellinghouse, and no construction of a porch, other than those illustrated on the plans and forming part of the application hereby authorised by this permission, shall be carried out without planning permission first having been granted by the Local Planning Authority.

Reason: To ensure that the Local Planning Authority retains control over the future development, additions and alterations, in the interests of its architectural and visual integrity, levels of residential amenity and the visual amenity and character of the area within which it is set.

This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019 and Section 12 of the National Planning Policy Framework, December 2024.

- 12 Notwithstanding the provisions of Schedule 2, Part 1, Class E of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order or Statutory Instrument revoking and re-enacting that Order), no building, enclosure, swimming pool, other pool, or container used for domestic heating purposes, shall be constructed within the curtilage of the dwellinghouse, without Planning Permission first having been granted by the Local Planning Authority.

Reason 1: To ensure that the Local Planning Authority retains control over the future development, additions and alterations, in the interests of its architectural and visual integrity, levels of residential amenity and the visual amenity and character of the area within which it is set.

This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019 and Section 12 of the National Planning Policy Framework, December 2024.

or

Reason 2: To ensure that the Local Planning Authority retains control of the future development, additions and alterations, in the interests of its architectural and visual integrity, levels of residential amenity and the visual amenity and character of this part of the Conservation Area within which it is set.

This Condition is imposed in accordance with Policies 2, 3 and 29 of the South East Lincolnshire Local Plan, 2019 and Sections 12 and 16 of the National Planning Policy Framework, December 2024.

- 13 Notwithstanding the provisions of Schedule 2, Part 1, Class B and Class C of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order or Statutory Instrument revoking and re-enacting that Order), no window, dormer window, rooflight or other development consisting of an alteration to the roof of the property, other than those illustrated on the plans and forming part of the application hereby authorised by this permission, shall be constructed without Planning Permission first having been granted by the Local Planning Authority.

Reason: To ensure that the Local Planning Authority retains control over the future

development, additions and alterations, in the interests of its architectural and visual integrity, levels of residential amenity and the visual amenity and character of the area within which it is set.

This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019 and Section 12 of the National Planning Policy Framework, December 2024.

#### Notes:

The Local Planning Authority has acted positively and proactively in determining this application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and subsequently determining to grant planning permission.

This decision notice, the relevant accompanying report and the determined plans can be viewed online at <http://planning.sholland.gov.uk/OcellaWeb/planningSearch>

This planning permission is subject to a Unilateral Undertaking dated 28th January 2026 and can only be implemented as a consequence of meeting the provisions of that Agreement

#### **Biodiversity Net Gain**

The applicant's attention is drawn to the following Biodiversity Net Gain requirement.

The effect of Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 is that planning permission is deemed to have been granted subject to the "biodiversity gain condition". The effect of this "biodiversity gain condition" is that development granted by this notice must not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan, or
- (c) the development is exempt from the biodiversity gain condition.

For guidance on the contents, in respect of the details that must be submitted and agreed by the Local Planning Authority, prior to the commencement of the consented development, please see the GOV.uk website and Planning Practice Guidance.

#### Statutory exemptions and transitional arrangements

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These can be found at Paragraph: 003 Reference ID: 74-003-20240214 of the Planning Practice Guidance, which can be found at <https://www.gov.uk/guidance/biodiversity-net-gain>.

Based on the information available and submitted in support of this application, the Local

Planning Authority considers that the development hereby permitted is exempt and therefore will not require the approval of a biodiversity gain plan, prior to the commencement of development; with the development comprising a statutory exemption as listed below: -

- Self Build Dwelling

As such, the development hereby permitted will not be subject to the biodiversity gain condition.

#### Irreplaceable habitat

If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

For clarity the LPA do not consider that irreplaceable habitats are present at this site.

The Biodiversity Gain Plan must include, in addition to information about steps taken or to be taken to minimise any adverse effect of the development on the habitat, information on arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat.

The planning authority can only approve a Biodiversity Gain Plan if satisfied that the adverse effect of the development on the biodiversity of the irreplaceable habitat is minimised and appropriate arrangements have been made for the purpose of compensating for any impact which do not include the use of biodiversity credits.

#### Effect of Section 73(2D) of the 1990 Act

Under Section 73(2D) of the Town and Country Planning Act 1990 (as amended) where

(a) a biodiversity gain plan was approved in relation to the previous planning permission ("the earlier biodiversity gain plan"), and

(b) the conditions subject to which the planning permission is granted:

(i) do not affect the post-development value of the onsite habitat as specified in the earlier biodiversity gain plan, and

(ii) in the case of planning permission for a development where all or any part of the onsite habitat is irreplaceable habitat within the meaning of regulations made under paragraph 18 of Schedule 7A, do not change the effect of the development on the biodiversity of that onsite habitat (including any arrangements made to compensate for any such effect) as specified in the earlier biodiversity gain plan.

- the earlier biodiversity gain plan is regarded as approved for the purposes of paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended) in relation to the planning permission.

National Gas Transmission operates a high-pressure gas pipeline: Feeder 7 - HOLBEACH BANK to SUTTON BRIDGE, in close proximity to the proposed development. The pipeline has an 24.4m wide easement in operation (12.2m either side of pipeline). No development, construction or landscaping is permitted within the easement without formal written approval from National Gas Transmission.

The pipeline also has a 81m 'Building Proximity Distance' (BPD), which restricts development within this distance.

Further guidance for consultation zones around a Major Hazard Pipeline can be found at: <https://www.hse.gov.uk/landuseplanning>

It is the Developer's responsibility to ensure that the requirements of LUP are adhered to.

Referencing the location plan provided by the applicant, the proposed development appears to fall outside the easement and BPD.

The applicant will need to provide NGT the method of demolition so that the impact to pipeline integrity can be assessed.

Should the scope of work change please stop works and contact Asset Protection for further guidance before proceeding.

All works must be carried out in accordance with National Gas Transmissions Third party guidance documentation - T/SP/SSW/22.

You are reminded that if your Options Appraisal suggests that ground gas protection measures are required, then your Remediation Method Statement must include sufficient detail of the proposed design including, but not limited to, the proposed membrane choice and site specific plans and details to clearly show where the measures will be installed and relate to the foundations and building design.

Should unexpected contamination be discovered on the site at any time, the applicant is advised to stop development and to contact the District Council's Environmental Protection department immediately.

**Phil Norman**  
**Assistant Director - Planning and Strategic Infrastructure**  
**South Holland District Council**

#### **BUILDING REGULATIONS:**

This decision refers only to planning permission as granted under the Town and Country Planning Act 1990. The works that you are proposing may also require Building Regulations and this planning permission does not give authority under Building Regulations to commence work. Please contact the Building Control team for further information on 01775 764557 or [bcadmin@sholland.gov.uk](mailto:bcadmin@sholland.gov.uk)

**BUILDING REGULATIONS 2010:**

The plans given approval as part of this application, may require the provision of additional information or amendment to show compliance the relevant requirements of the Building Regulations 2010. Typical circumstances include, highly glazed extensions achieving compliance with requirement L1 (Conservation of fuel and power) which may influence the areas of glazed elements/ building elevations, or requirement B1 (Means of warning and escape) which may influence an internal layout for fire safety purposes. Please contact the Building Control team for further information on 01775 764557 or [bcadmin@sholland.gov.uk](mailto:bcadmin@sholland.gov.uk)

## RIGHTS OF APPEAL

### Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or grant consent subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990 or Section 20 of the Planning (Listed Building and Conservation Areas) Act 1990.

### Timescales for appealing

The deadlines for appeals are calculated from the **date of decision** and are as follows for the types of applications below:

<b>12 Weeks</b>	<b>6 Months</b>	<b>8 Weeks</b>
Householder Applications	Planning Permission	Consent to Display Adverts
Minor Commercial Development	Listed Building Consent	
Agricultural Determinations	Other Prior Approval Applications	
Householder Prior Approval Applications		

<https://www.gov.uk/appeal-householder-planning-decision>

<https://www.gov.uk/appeal-planning-decision>

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate ([inquiryappeals@planning-inspectorate.gov.uk](mailto:inquiryappeals@planning-inspectorate.gov.uk)) at least 10 days before submitting the appeal. Further details are on GOV.UK.

### Enforcement Notices

If an enforcement notice was served prior to the planning application being determined then the deadline for appealing is 28 days from the date of the **planning refusal**.

If an enforcement notice is served after the planning application is determined then the deadline for appealing is 28 days from the date of the **enforcement notice OR the timescales stated above for each application type** from the date of the planning refusal - whichever is sooner.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in

giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under the order.

### **Purchase Notices**

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grant it subject to conditions the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of the Part VI of the Town and Country Planning Act 1990 or Section 32 of the Planning (Listed Building and Conservation Areas) Act 1990.

### **Compensation**

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in Section 114 and related provisions of the Town and Country Planning Act 1990 and Section 27 of the Planning (Listed Building and Conservation Areas) Act 1990.
