Thank you for consulting us on this.
Having reviewed the application documents and the updated available Historic Environment information for this application, the proposal is unlikely to have an impact on significant archaeological remains. Consequently, no further archaeological input is necessary for this application. It is not necessary to consult us on this application again, unless there are material changes to the proposals. However, if you would like advice from us, please contact us to explain your request.
Finally, considering the proposal is near a Grade II Listed building, the SHDC Conservation officer must be consulted before a decision is made (direct and setting impact).
