Sandtoft

Product - BritSlate

BritSlate Duchess and BritSlate Countess

Two plain slate alternatives to BritLock®, also made using 80% natural UK slate. BritSlate offers the random visual appearance of natural slate without the need for costly sorting and holing.

A double lap slate with all the proportions and detail as natural slate

Can perform at pitches of 20°

BRE Green Guide rating A

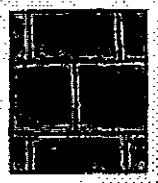

Manufactured using 100% green electricity

Manufactured in the UK's first carbon neutral roof tile factory

BritSlate® is registered trademark in the UK, owned by Sandtoft Roof Tiles Limited.
