SOUTH HOLLAND DISTRICT COUNCIL

Town and Country Planning Act 1990

Outline Planning Permission

Reference: H18/1191/95 Received:11-DEC-95 Type:OUTLINE

Name: Broadgate Builders Ltd
Broadgate House
Weston Hills
Spalding
Lincs

Agent: Broadgate Builders Ltd
Broadgate House
Weston Hills
Spalding
Lincs

Description: Residential development

Location : Land off Bridge Road Sutton Bridge
Spalding Lincs

South Holland District Council hereby give notice that OUTLINE PLANNING PERMISSION HAS BEEN GRANTED for the development in accordance with the application submitted, subject to the following condition(s):

1 Application for approval of reserved matters must be made not later than three years beginning with the date of this permission, and the development must be begun not later than whichever is the later of the following dates:
(a) the expiration of five years from the date of this permission,
(b) the expiration of two years from the final approval of reserved matters or in the case of approval on different dates, the final approval of the last such matter to be approved.

Reason: As required by Section 92 of the Town and Country Planning Act 1990.

2 The following matters are reserved for subsequent approval by the Local Planning Authority, and no development to which they relate shall be carried out until these matters have been approved, viz:
(1) Detailed drawings to a scale of not less than 1/100 showing the siting design and external appearance of the buildings, including particulars of the materials to be used for external walls and roofs;
(2) Landscaping of the site, including details of positions, heights on planting and species of trees and shrubs.

Reason: The application was submitted in outline only.

3 The approved scheme of landscaping and/or screening shall be carried out in its entirety within a period of two years beginning with the date on which development of the land is commenced. The trees, shrubs or bushes shall be adequately maintained by the owner(s) of the land on which they are situated for a period of ten years beginning with the date of completion of the scheme, and all losses shall be made good during that period.

Reason: In the interests of visual amenity and to ensure that the approved scheme is implemented satisfactorily.

MRS SALLY WALTHAM BA (Hons) F.C.I.H. Director of Housing & Planning Services

Housing & Planning Services Department, Council Offices, Priory Road, Spalding, Lincolnshire. PE11 2XE (Tel: 01775 761161)

4 Before any dwellings are constructed - the proposed estate road access shall be laid out and constructed as shown on the submitted plan (No. E3/2D) including the amendments to the alignment of the existing public highway.

Reason: To provide an adequate access via the existing highway network in the interests of highway safety.

6 The roads and footways shall be laid out and made up in accordance with the specification, programme and details to be approved and in any event shall be so constructed that, by not later than the time any dwelling erected on the land is occupied, there shall be direct connection from it (completed to the approved specification less the carriageway and footway wearing courses) to an existing highway; and the carriageway and footway wearing courses shall be completed within three months from the date upon which the erection is commenced of the penultimate dwelling to which this permission relates.

Reason: To ensure satisfactory access to each dwelling in the interests of residential amenity and convenience.

7 No dwelling to which this permission relates shall be commenced unless or until the carriageway basecourse and kerb foundation of the new estate roads onto which it fronts, is adjacent to, or gains access from, has been constructed.

Reason: To enable the position of the dwelling(s) and associated estate road(s) in the layout to be fixed more accurately in the interests of the proper planning of the area.

8 Before any development is commenced the approval of the Local Planning Authority is required to the detailed design of the scheme to provide for the satisfactory disposal of highway surface water run-off from the development; and such scheme as approved shall be carried out before any building is occupied.

Reason: To ensure that highway surface water run-off from the development will not adversely affect, by reason of flooding, the amenity of nearby land.

9 Before any other part of the development hereby permitted is commenced, the junction of the estate road with the existing public highway shall be constructed for at least 60 metres into the site, to the satisfaction of the Local Planning Authority.

Reason: To ensure that the land required for the access, including the visibility splays, is not used or developed for purposes that would prejudice the development of the backland and to ensure that vehicles can park clear of the public highway, in the interests of amenity and road safety, while the development is being carried out.

10 No more than 80 dwellings shall be constructd within the site.

Reason: To ensure the development does not create disruption and delay to

SOUTH HOLLAND DISTRICT COUNCIL

the flow of traffic on Bridge Road.

The layout of the site and the design of the individual dwellings in respect of the area immediately adjacent to the existing residential development fronting Bridge Road shall be such as to minimise the impact of the approved development on the amenities, particularly privacy, of those properties.

Provision will also need to be made in the layout for public open space in accordance with the policy of the Local Planning Authority.

Director of Housing and Planning Services
13-MAR-96 H18/1191/95

This decision refers only to that required for the purposes of the Town and Country Planning Act and not for Building Regulations or any other legislation. See enclosed notes relating to rights of appeal.
