Box Gutter details.
Box gutter onto high wall.

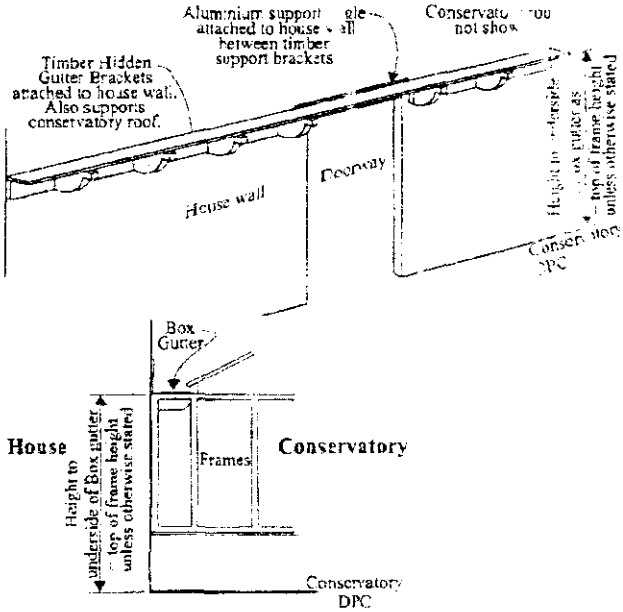

BalticPine™
The BalticPine Timber Corporation Ltd.
Registered in the UK # 2710466

Important.

Read these notes in conjunction with your conservatory plan.

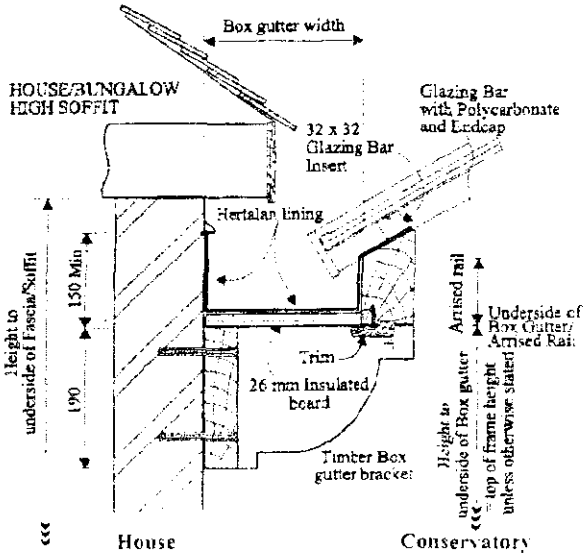

Your Conservatory is fitted with a box gutter which is attached to a high wall.
The following diagrams give **typical** details of the box gutter arrangement you may have.
Construction notes, giving full details for assembly, will be provided with your conservatory.
If you have any queries please contact the Technical department.

1 General arrangement.

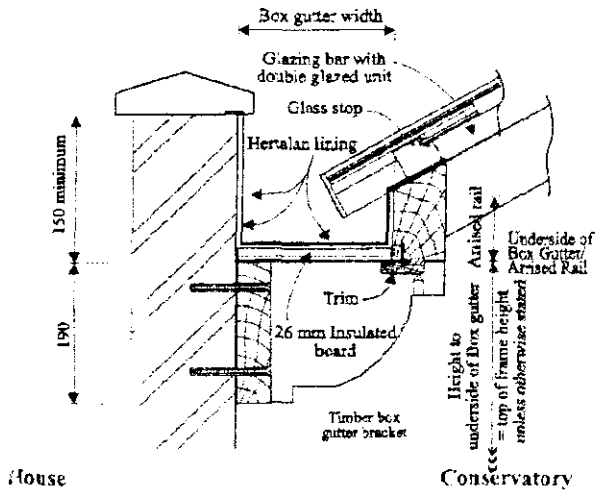

2 Box gutter fitted under high soffit. Timber support brackets.

House shown with pitched roof & conservatory with polycarbonate roof.

3 Box gutter fitted to Parapet wall. Timber support brackets.

House shown with parapet wall & conservatory with double glazed roof.

4 Box gutter fitted to a two storey house wall. Angle support brackets over door or window opening.

House shown with a two storey wall & conservatory with polycarbonate roof.
