Dear Mark,

Application ref: H19-0329-24, Tydd Solar - Additional Application Materials

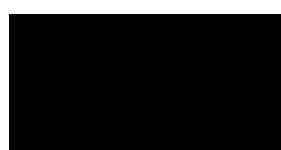

On behalf of Pathfinder Clean Energy Ltd UKDev (the applicant), and Third Revolution Projects (the agent) I enclose the following materials to replace the referenced materials below.

Original Document	Replacement Document
09. Tydd Fire Risk Statement	09. Tydd Solar Fire Strategy Report (15 May 2024)
13. Noise Impact Assessment_P23-441-R01v1	13. Noise Impact Assessment_P23-441-R01v2 (16 May 2024)

These documents have been updated to reflect a minor change in layout as described in the planning statement. The planning statement describes a BESS development that contains 38 containers. However, the proposed development will have 42 containers (35 battery storage containers and 7 battery inverters). The proposed layout UKZ157_09 Layout (the proposed layout as submitted) shows the configuration and correct number of these containers.

We trust that the enclosed information is of assistance, but should you have any queries in respect of this addition, please do not hesitate to contact me directly.

Yours faithfully,

Ben Wheeler
