NOTE:

The scores of the application form are calculated using the following formula: $\frac{\text{Total score}}{\text{Number of questions}} \times 100$ and rounded off to the nearest whole number.

If building works have been carried out, then details of the works should be submitted to the Council on portal. The Council may require extra information.

A fee is payable with this application.

An application should not be made on this form if a planning application has already been taken place.

You should instead consider making an application to the Council for a new planning application.
