Dear Sir/Madam

TOWN AND COUNTRY PLANNING ACT 1990

NOTICE THAT PERMISSION IS NOT REQUIRED

It appears that by virtue of the above Act, the proposal is one which does not involve development requiring planning permission.

No further action will therefore be taken on your application and any fee paid will be refunded as soon as possible.

You should be aware however that approval under the Building Regulations may still be required.

Yours faithfully

Director of Planning and Building Control Services

Dear Sir,

Please find attached 4 application forms and 4 plans for a planning application for a change of landscaping detail.

I consider that no fee is payable because of the very minor alteration required to the landscaping plan.

The Hawthorn referred to in the application is clearly shown coloured on the plans, the three bushes are also clearly shown on the same plans.

The hawthorn has already been removed because it had become diseased and infected with mildew, this was beginning to spread to other existing bushes and trees. We are advised that mildew on Hawthorn is rampant in this area and will reoccur within a year on any new bushes. Furthermore you will no doubt have noticed that there are only three Hawthorn hedges left in the village, one is plainly dead and the other two are nearly dead or will soon become deceased, we therefore believe that the choice of Hawthorn for hedging was particularly poor, despite all the good intentions with regard to rural hedgerows and retention thereof. The three bushes already planted are slow growing compact evergreen specimen hushes growing to no more than 4ft in ten years.

The removal of the diseased hedge and the planting of the bushes has the full approval and consent of my neighbour at No. 241.

I look forward to your reply,

M.F.WYATT

Dear Mr Wyatt

Landscaping, 239 Broadgate, Sutton St Edmund

As explained on the telephone, in an attempt to cut through the procedures which seem to have exaggerated the problem out of all proportion, we are proposing to deal with the different planting as an amendment to the original planning permission. In other words, the changes to the landscaping, in the context of the whole development, are considered to be insignificant and a formal application not therefore necessary.

I will treat your application as a submission of a proposed amendment, and will issue a letter confirming its acceptance.

I will arrange for a refund of the fee paid, and apologise for any inconvenience caused. I have sent a similar letter to your neighbours.

I should add that we will of course make a final inspection after May next year, when the landscaping scheme is required to be completed.

If there is any outstanding planting which is the responsibility of the developers you may wish to remind Kings Quality Homes of that obligation.

Yours sincerely

A C Pickering

RECOMMENDATION

A H19/1098/93 - Refuse permission.

1 In the opinion of the Local Planning Authority the retention of the dwelling without complying with the landscaping maintenance condition would result in an unsatisfactory landscaping ~~scheme upon~~ of the site which would not ~~compliment~~ HARMONISE WITH the rural nature of the village of Sutton St Edmunds. Consequently, the new development would appear more "urban" in nature and, ~~therefore,~~ out of character with the rural locality. B That the owners of Plots 1-5 inclusive be given a period of 6 months to implement the approved landscaping scheme in full (including the trees and hedging at the rear).

COMMENTS

1 These applications have been submitted since the owners of Plots 1 and 3 have, inter alia, replaced approved indigenous hedging with evergreen and privet. The owners of Plot 4 (and also possibly Plot 2) have also modified the approved scheme.

2 The original landscaping has mainly been substituted by species which are less "rural" in nature; This is considered unacceptable and if the proposals were to be permitted it would encourage either the total removal of indigenous landscaping or its substitution by species which are less appropriate to the rural locality.

3 It should be noted that the majority of the trees and also the hedging at the rear have not yet been planted. However, the applicants are not in breach of Condition 2 until 13 May 1994 (two years from the date development commenced).

REPRESENTATIONS

Parish Council: H19/1098/93

No objections.

Objection received from 239 Broadgate - summarised:

- Assumed condition imposed to ensure that planting species would be sympathetic with local rural area. See no reason

for a change of policy or view. Reversal of condition must put into question the reason for imposing it in the first place.

Applicant:

Summarised:

H19/1098/93

- Hawthorn removed because diseased and beginning to spread to other bushes and trees. Advised that mildew on Hawthorn is rampant in this area and would re-occur within a year.
- Only three Hawthorn hedges left in the village, one is plainly dead and the other two are nearly dead. Therefore believe that a choice of Hawthorn for hedging was poor despite all the good intentions with regard to rural hedgerows and retention thereof. The three replacements are slow growing compact evergreens.
- Removal of hedge has consent of my neighbour.
- Will be absent from the country from January 1994 - April 1994.

H19/1112/93

- Variation we request is deletion of reference to Hawthorn and Whitebeams. Happy to keep a hedge and three trees but would like some discretion as to what types.
- Point out that Hawthorn does not appear to grow very well and is liable to disease. Also, Whitebeam grows to a height of 50ft and within 30ft of bungalow and a lot less distance from power lines.

OBJECTION

re Application to retain dwelling without complying with Landscaping conditions. at 239 Broadgate. Sutton St. Edmund. Applicant Mr. M.F. Wyatt.

Dear Sir.

With reference to the above application, I assume the conditions as imposed on the original approval were to protect the local environment and ensure that planting and species would be sympathetic with the local rural area. I see no reason for a change of policy or view from these original conditions. In fact In my opinion a reversal of this condition must put into question the reason for imposing it in the first place.

Dear Sir

Planning Application H19/0179/92 - Residential Development at Broadgate Road, Sutton St Edmunds (Condition Compliance)

The above planning permission, granted on 6 May, 1992 contained a condition which requires that the approved scheme of landscaping and/or screening shall be carried out in its entirety within a period of 2 years beginning with the date on which the development on the land is commenced. The trees, shrubs or bushes shall be adequately maintained by the owners of the land on which they are situated for a period of 10 years and all losses shall be made good during that period.

The approved scheme referred to includes a hawthorn hedge across the frontages of all dwellings, except that of No. 247, together with a similar hedge along the front boundaries between each plot.

A recent inspection of the site reveals that the hawthorn hedge on the boundary between your plot and that of your neighbours has been removed and replaced with three leylandii plants.

I understand that you are responsible for this particular boundary and the removal of the hawthorn hedge constitutes a breach of a planning condition and I must advise you that the Planning and Compensation Act of 1991 provides the Council the powers to serve a Condition Compliance Notice requiring full compliance with this condition within a set period of time, against which there are no facilities to appeal. The failure to comply with such a notice in the specified time would result in legal proceedings being taken against you.
