TOWN AND COUNTRY PLANNING ACT 1990

WORKS TO A PRESERVED TREE

Reference: H20-0044-18 **Date of Decision:** 31st January 2018

Applicant: Mr Mark Campling
The Yews
2 Jarvis Gate
Sutton St James
Spalding
PE12 0EP

Location: The Yews 2 Jarvis Gate Sutton St James Spalding

Description: Works to Sutton St James TPO No. 2 1988

Detailed Description:

Application to remove a storm damaged horse chestnut tree in the paddock within the grounds of The Yews, 2 Jarvis Gate, located immediately to the north of the house. The tree is within Group 2 of Sutton Saint James Tree Preservation Order No. 2 1988.

' HORSE CHESTNUT WITHIN GROUP 2 - Remove because of storm damage which has left western side of the tree exposed . Evidence of decay and fungi present. If tree was to fall, danger to electric cables and life. Will replace with new tree.'

South Holland District Council hereby give notice that this application has been GRANTED (or equivalent) subject to the following condition(s):

- 1 That the proposed work is carried out within two years of the date of this decision unless otherwise agreed with the District Council.
- 2 Work is to be carried out in accordance with BSI 3998 : 2010, 'Recommendations for Tree Work'.
- 3 The resulting stump of the tree should be ground out to at least 300mm below ground

level, unless otherwise agreed with the District Council, to help reduce the risk of the stump harbouring decay fungi which could infect nearby trees.

Notes:

The necessary consent of all other interested parties should be obtained before the works proceed.

In this case the duty of the landowner is to plant another tree, of an appropriate size and species, at the same place and as soon as reasonably possible.

It is recommended that the tree is replaced with a further horse chestnut of at least 1.5 metres high on planting as near as reasonably practicable to the position of the original tree within a period of twelve months. (Every effort to be taken to help ensure that the young tree is suitably protected from livestock, rabbits and field voles until fully established.)

Please inform the Local Planning Authority as soon as replanting has taken place and indicate the position of the replacement tree. Section 207 of the Town and Country Planning Act 1990 empowers this Authority to issue a Notice formally requiring replacement trees to be planted.

Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England at their Lincoln office on 03000 603900.

Bats are protected species under the Wildlife and Countryside Act 1981 (as amended) and in the event that bats are living in any cavities in the tree(s), or if they are discovered while the works are taking place, please inform Natural England at their Lincoln office on 03000 603900 before works proceed.

Paul Jackson
Place Manager
South Holland District Council

RIGHTS OF APPEAL:

Where an application is made to the Authority for consent and that consent is refused or is granted subject to conditions the applicant, if aggrieved by the decision, may appeal to the Planning Inspectorate (PiNS). Appeals must be received by the PiNS within 28 days of the Council's decision. The appeal should be made on the relevant TPO (consents) appeal form which can be obtained from PiNS. The form can be found on the Planning Portal website at:

www.planningportal.gov.uk/planning/appeals/otherappealcasework/treepreservation

Alternatively a form can be obtained by writing to The Environment Team, Room 3/25 Hawk Wing, Temple Quay House, 2 The Square, Bristol, BS1 6PN or telephone on 0117 3728192

If you visit the Planning Portal web site you will be able to complete the appeal form and return it to PiNS electronically via the email address:
