Hi Gill / Karen

**H20/0052/11**

With reference to the above application please find attached the Bat and Bird Guidelines for Wind Turbines received from Natural England. After speaking to Ryan and reading the information I beleive that a report is not required due to the the proposed wind turbine being more that 50m away from dykes/hedgerows and buildings. Also we are not taking away any trees / structures to enable the wind turbine to be erected.

I would appreciate your comments and hopefully we can agree to move the application forward.

Regards
Sarah
