Subject: Point of access off New Fenndyke

Hi Phil

I think this drawing which is a development of the drawing we submitted with the planning application which we have issued to enable the detail design to be prepared. The access gates are shown and these indicate the entrance to the site from new Fenndyke that we have discussed in emails etc with Jon Sharpe. I am out of the office until later this evening and will resend through along with the amendment form to you first thing in the morning.

If you need anything more just email me.

Kind Regards

Bob Ayres
