DO NOT SCALE FROM THIS DRAWING

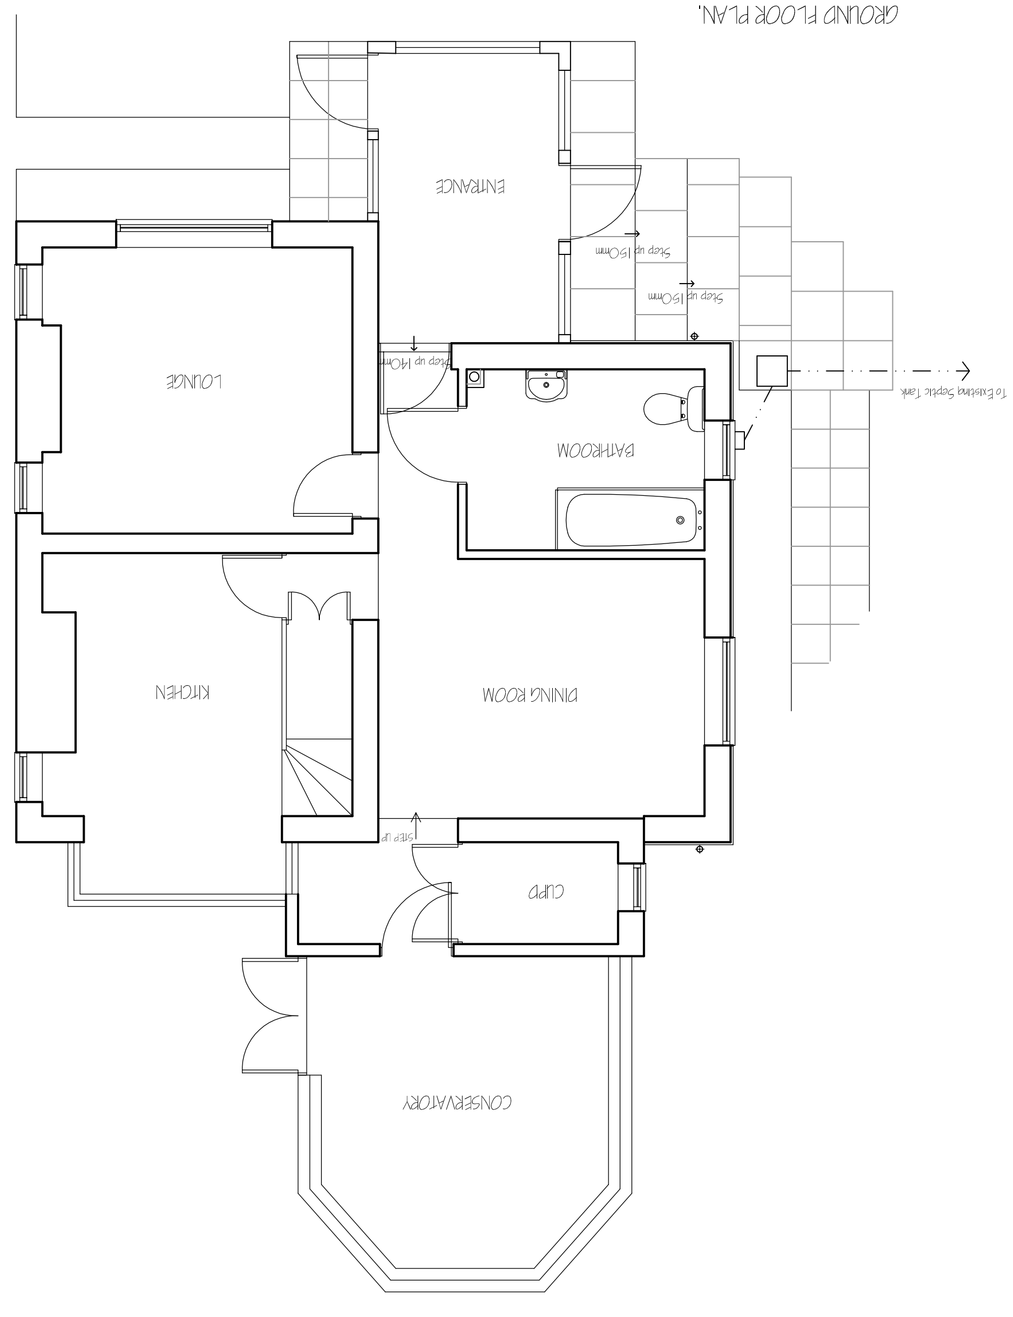

This drawing is copyright and may not be loaned, traced, photographed or used for any purpose other than that for which it is issued. The General Contractor is to check all dimensions on site and report any discrepancies to the Architect. All details shown on this drawing including conditions are based upon typical site conditions related to the area. No responsibility can be accepted for abnormal conditions which may be encountered during construction unless reported to the Architect before the tender stage. Any alterations may be considered. Site and survey are recommended in respect of foundations to establish specific site conditions before foundation work is undertaken. This drawing is limited in the extent of information contained and does not purport to contain a full specification of the works, it is solely for the purpose of obtaining Planning / Building Regulation approval. This drawing must not be used as a contract document alone. The works will not be supervised or inspected on site by G.R. Merchant or any representative thereof, it is the client's or their appointed agents responsibility to ensure adequate and proper supervision of the works is undertaken. Alterations to approved plans and/or specification may require further approval from the Local Authority Planning Department and/or Building Control Surveyor and the client should not proceed with any alterations without first obtaining the necessary approvals. Any discrepancies found between the drawings and the building as constructed should be reported to the Architect immediately. Unauthorised alterations or omissions to the drawings may render the approval invalid. The Employer / Client is advised that should any works need to be carried out to any party wall, etc. to comply with the Construction (Design and Management) Regulations an 'Independent Planning Supervisor' will be required. The above list contains only the more usual items but is not to be considered exhaustive. The Contractor is responsible for ensuring that all the necessary requirements of the Building Regulations and any other statutory regulations are complied with. Any discrepancies found between the drawings and the building as constructed should be reported to the Architect immediately. Unauthorised alterations or omissions to the drawings may render the approval invalid.
