A full range of Accessories are available - see page 16-19

Here at Sturdy, we listen to the needs of our customers and act on their comments. A need was recognised for an extra high building with a flush wall design. So we have designed one !

The Brackley Extra High - each panel is 8'6" high, 1'4" wide and 3" thick. From this basic module we can create any combination of size for any possible application - from a club house or store room to a workshop with enough space to accommodate a small lorry or camper van.

Within the pages of this brochure you will find hundreds of quality garages to choose from. However if you cannot find the exact custom design you require please let us know and we will do our upmost to oblige.

8'6" to eaves - the tallest available on the market.

Fibre cement roofing sheets.

Heavy duty welded trusses.

Flush wall design.

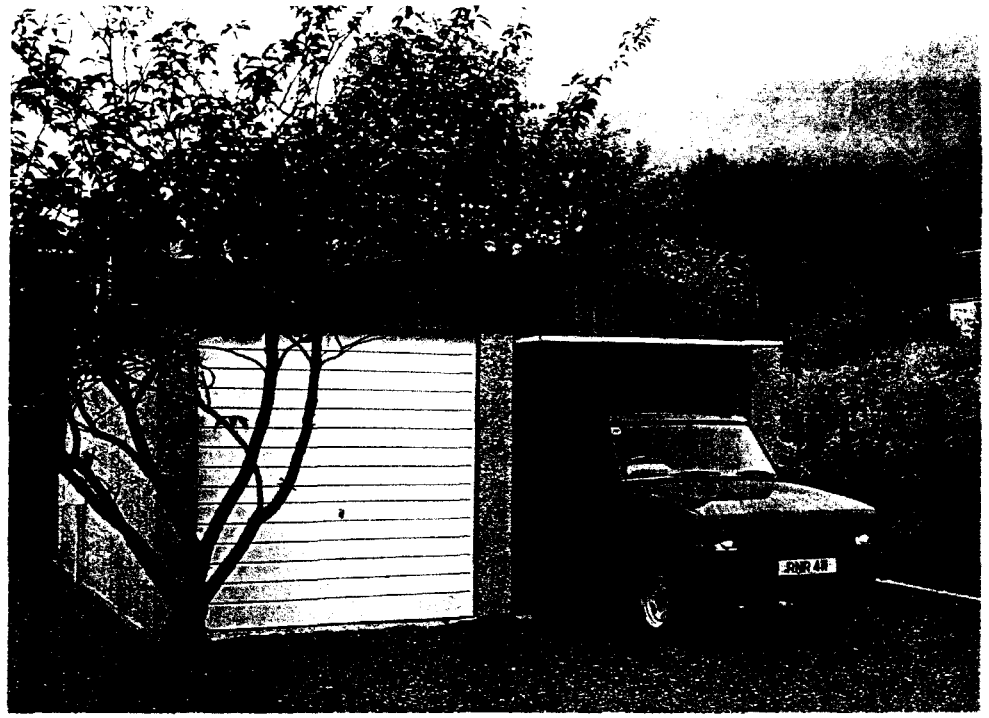

8'6" high x 1'4" wide x 3" thick, our flexible module reinforced concrete panels can achieve just about any custom design.

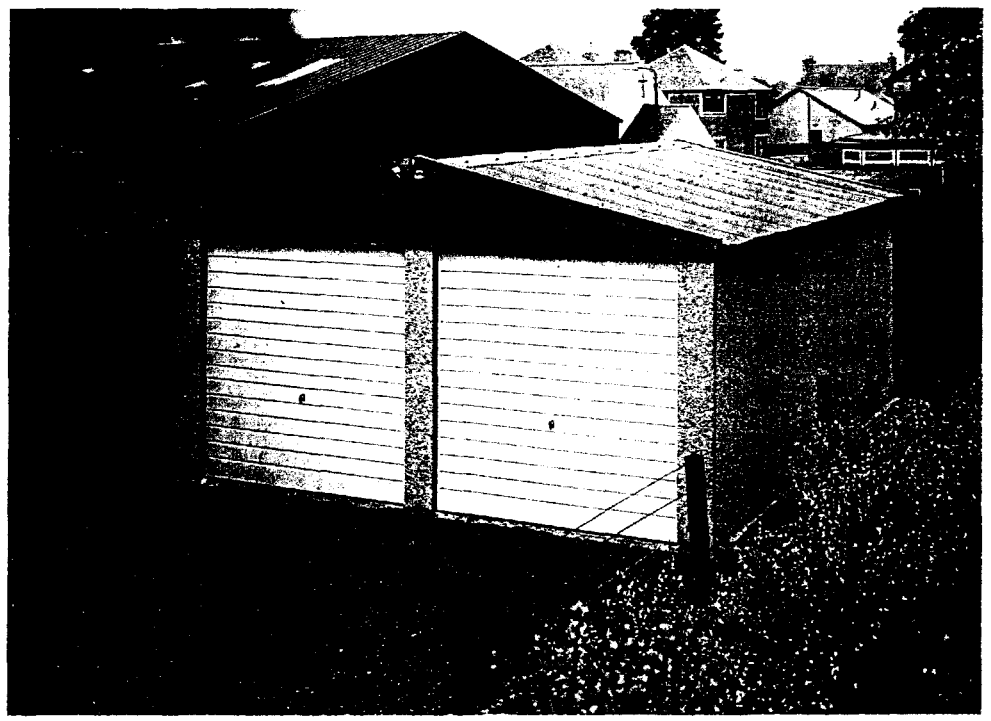

Choice of Spa, Redwood or Cedarwood facias.

NB: Please bear in mind when ordering an extra high garage that the door height is 8' and when in the lifted position an arm reach of approximately 7' 10" would be required to close the door. Note: The maximum up and over door width for an extra high garage is 11' 6".

Here at Sturdy, we listen to the needs of our customers and act on their comments. A need was recognised for an extra high building with a flush wall design. So we have designed one !

The Brackley Extra High - each panel is 8'6" high, 1'4" wide and 3" thick. From this basic module we can create any combination of size for any possible application - from a club house or store room to a workshop with enough space to accommodate a small lorry or camper van.

Within the pages of this brochure you will find hundreds of quality garages to choose from. However if you cannot find the exact custom design you require please let us know and we will do our upmost to oblige.

8'6" to eaves - the tallest available on the market.

Fibre cement roofing sheets.

Heavy duty welded trusses.

Flush wall design

8'6" high x 1'4" wide x 3" thick, our flexible module reinforced concrete panels can achieve just about any custom design

Choice of Spa, Redwood or Cedarwood facias.

NB: Please bear in mind when ordering an extra high garage that the door height is 8' and when in the lifted position an arm reach of approximately 7' 10" would be required to close the door. Note: The maximum up and over door width for an extra high garage is 11' 6".

THE EXTRA HIGH PREMIER BRACKLEY

Extra Height for Extra Choice

THE EXTRA HIGH PREMIER BRACKLEY

AVAILABLE IN 15'2", 16'6", 17'10", 19'2" & 20'6" WIDTHS
