TOWN AND COUNTRY PLANNING ACT 1990 WORKS TO A PRESERVED TREE

Reference: H20-0753-16 **Date of Decision:** 20th September 2016

Applicant: Ground Control Ltd
Kingfisher House
Radford Way
Billericay
Essex
CM12 0EQ

Location: Lift And Shift Broad Gate Sutton St James Lincolnshire

Description: Works to Sutton St James Tree Preservation Order No. 4 1991.

Detailed Description:

Application concerning two giant sequoia on the frontage of the business known as 'Lift and shift', 40 Broad Gate, Sutton Saint James. The trees are subject to Sutton Saint James Tree Preservation Order No.4 1991.

1. Giant sequoia, fell, identified as T2 of the Order, with dangerous over hanging limb. A replacement to be planted by Mr Simon Reed the tree owner in different roadside location nearby to avoid soil compaction and competition from the Lawson cypress of the current tree. The replacement will be a giant sequoia (*Sequoiadendron giganteum*).

2. Giant sequoia, side prune, identified as T3 of the Order. Side prune to maintain a safe clearance and gain a 3 metre clearance between the second roadside giant sequoia at the 'Shift and Lift' premises at Broad Gate and the over 11 Kv electric power line which lies on the opposite side of the public highway from the tree.

South Holland District Council hereby give notice that this application has been GRANTED (or equivalent) subject to the following condition(s):

- 1 That the proposed work is carried out within two years of the date of this decision unless

otherwise agreed with the District Council.

- 2 Work is to be carried out in accordance with BSI 3998 : 2010, 'Recommendations for Tree Work'.
- 3 The resulting stump of the tree should be ground out to at least 300mm below ground level, unless otherwise agreed with the District Council, to help reduce the risk of the stump harbouring decay fungi which could infect nearby trees.

Notes:

The necessary consent of all other interested parties should be obtained before the works proceed.

In this case the duty of the landowner is to plant another tree, of an appropriate size and species, at the same place and as soon as reasonably possible.

It is recommended that the tree is replaced with a *Sequoiadendron giganteum* of at least 1.5 metres in height on planting as near as reasonably practicable to the position of the original tree (position of replacement tree agreed to enable best possible chance for survival), within a period of twelve months.

Please inform the Local Planning Authority as soon as replanting has taken place and indicate the position of the replacement tree. Section 207 of the Town and Country Planning Act 1990 empowers this Authority to issue a Notice formally requiring replacement trees to be planted.

Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England at their Lincoln office on 03000 603900.

Bats are protected species under the Wildlife and Countryside Act 1981 (as amended) and in the event that bats are living in any cavities in the tree(s), or if they are discovered while the works are taking place, please inform Natural England at their Lincoln office on 03000 603900 before works proceed.
