PART 1

H21/0193/01

East Midlands Electricity Application Number **EM/P/29** Date **17 February 2001**
To the Chief Executive Planning Department **South Holland District Council**

Dear Sir

Electricity Act 1989

Application is being made to the Secretary of State for Energy for his consent to the development described overleaf. The Secretary of State will at the same time be requested to direct that planning permission for this development shall be deemed to be granted. The consent and the direction may be given subject to conditions.

To assist the Secretary of State to determine the application the District/Borough Council is requested to return to me two copies of this Form with Part I Certificate and Part II completed and signed with plans.

Department of the Environment Circular 14/90 (Welsh Office Circular 20/90)[Department of Energy Circular 1/90] describes this procedure and the reason for it.

Yours faithfully
For and on behalf of East Midlands Electricity.

S. Keane.

Designation: **WAYLEAVES & PROPERTY DEPARTMENT**

CERTIFICATE

(To be completed by or on behalf of the District/Borough Council)

The District/Borough Council

(i) object on the grounds setout below/have no objection to make to the development described overleaf.*

(ii) request/do not request that a public inquiry be held pursuant to paragraph 2 of Schedule 8 to the Electricity Act 1989 before the Secretary of State reaches his decision on the application.*

Date Signed

* Delete as appropriate Designation

On behalf of the District/Borough Council

(Reasons for objections)

PARTICULARS OF PROPOSED DEVELOPMENT AND REPRESENTATIONS

(To be completed by East Midlands Electricity)

Application is being made:

(a) for consent under section 37 of the Electricity Act 1989 to install or keep installed an electric line above ground;

(b) for a direction under section 90(2) of the Town and Country Planning Act 1990 that planning permission for the proposed development be deemed to be granted.

1. Particulars of proposed development. (These particulars should be accompanied by such plans as may be necessary to enable the local planning authority to identify the land affected by the proposals and to appreciate the nature and extent of the proposed development and by a copy of the environment statement if the applicant has prepared one.)

   East Midlands Electricity is proposing to erect the proposed 11,000 volt overhead line on wood poles in the parishes of Tydd St Mary and Long Sutton with a tolerance of 30m either side of the route shown on the attached plan number N04308.

2. Particulars of any representations of objections which have been made to East Midlands Electricity.

3. Particulars of the applicant's compliance with his duty under paragraph 1 of Schedule 9 to the Electricity Act 1989.

   The proposed high voltage line is to replace an existing line which is near to the end of its useful life. The impact on the environment of the new line will be far less than the old line as the overall route length will be reduced by 617 meters. In addition there will be sections of low voltage overhead line which will be replaced with underground cables further improving the visual impact in Tydd Gote. The new line will be placed along dyke tops which will benefit the landowners and tenants.

   East Midlands Electricity consider that due regard has been paid to EME's obligation under Schedule 9 of the Electricity Act 1989.

Date 17th February 2001 For and on behalf of East Midlands Electricity

Signed S. Keane 'Designation: **WAYLEAVES & PROPERTY**
