Likely to be two dead hawthorn trees.	Front garden adjacent to boundary.	Remove. Dead and one has a hollow base.	Remove due to potential public danger.	Two hawthorn, or other species of trees to be agreed.

(Separate sheets can be attached if more room is needed)

* If you want to cut down a tree we will usually require you to replace it. Normally we will ask you to plant a young tree (at least 1.5 metres high) of the same species that you have cut down, as near to where the original tree was located as is practicable. Sometimes a comparable species may be allowed instead of the same species. Please give details of the tree(s) you would like to plant as a replacement.
