Hi Mr Gedney, I understand the decision is close to being made and many reason why it will be refused. Id really like to highlight the many positives.

All local residents have said they would like to see a house there.

All neighbours are keen to see the land kept and security to there boundaries.

The parish council are in favour of it.

And more importantly it the only way my family can afford to build our own house that is of a quality standard of living. Something the council policy insists is their most important target.

We are added to the property shortage.

I hope these points outweigh the negatives.
Thank you for your time. Regards, Martin
