TOWN AND COUNTRY PLANNING ACT 1990

FULL

Reference: H21-0489-20 **Date of Decision:** 12th October 2020

Applicant: Mr S Necker
23 Woodcote Park
Wisbech
Cambs
PE13 1LX

Location: 29 Station Road Tydd Gote Wisbech

Description: Demolition of existing bungalow and erection of 2 pairs of semi-detached houses

South Holland District Council hereby give notice that this application has been GRANTED (or equivalent) subject to the following condition(s):

1 The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2 The development hereby permitted shall be carried out in accordance with the following approved plans:
SE-1424-100
SE-1424-200
SE-1424-PP1000-C
SE-1424-PP2100

Reason: For the avoidance of doubt and in the interests of proper planning.

3 Before the commencement of the development hereby permitted beyond oversite a schedule of external materials of construction of buildings and hard surfaced areas shall

be submitted to and approved in writing by the Local Planning Authority. The development shall be constructed in accordance with the materials so approved.

Reason: To ensure that the Local Planning Authority retains control over the external materials of construction of the development in the interests of the character and appearance of the development and the visual amenity of the area in which it is set.
This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

4 Before the commencement of the development beyond oversite a scheme of landscaping and tree planting for the site shall be submitted to and approved in writing by the Local Planning Authority. It shall include:
i) Details of the number, species, heights on planting and positions of all the trees, together with details of post-planting maintenance;
ii) Details of which of the existing trees on site are to be retained or removed.

Such scheme as is approved by the Local Planning Authority shall be carried out and completed in its entirety during the first planting season following practical completion of the development. All trees, shrubs and bushes shall be maintained by the owner or owners of the land on which they are situated for the period of five years beginning with the date of completion of the scheme and during that period all losses shall be made good as and when necessary.

Note: The scheme should include the retention of the existing tree in the south eastern corner of the site, as far as possible.

Reason: To ensure that the development is adequately landscaped, in the interests of its visual amenity and that of the area in which it is set.
This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

5 Before the commencement of the development hereby permitted, full details of the existing and proposed site levels and proposed floor levels of the buildings, hard surfaced areas and garden/amenity areas, including any mitigation measures arising as a consequence (for example increased height of boundary treatment), shall be submitted to and approved in writing by the Local Planning Authority. The development shall be constructed and retained in accordance with the details so approved.

Note: Where levels are raised above existing ground levels, the submission shall be supported by cross-sectional drawings showing the relationship with adjoining uses and buildings to enable the Local Planning Authority to be satisfied that sufficient mitigation measures will be in place.

Reason: To ensure that the Local Planning Authority retains control over the finished site and floor levels of the development, in the interests of the amenity of adjacent residents and its visual and architectural relationship with adjacent development. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policies 2, 3 and 4 of the South East Lincolnshire Local Plan, 2019.

DC_FINAL_DECISION - ODB:14

6 Prior to its installation, details of proposed screening along the eastern and western boundaries of the site , including a schedule of fencing levels, heights and materials, and details of the size and species of any hedging, shall be submitted to and approved in writing by the Local Planning Authority. The details so approved shall be implemented in full before the development is first brought into use and retained thereafter.

Notes:
1. The scheme of screening along the eastern boundary shall consist either of the retention of the existing hedging at a height of at least 2 metres or should include new 2 metre high closeboarded fencing running from a point level with the front (southern elevation) of no. 31 to the garage at the rear associated with that property.
2. Where levels are raised above existing ground levels, the submission shall be supported by cross-sectional drawings showing the relationship with adjoining uses and buildings to enable the Local Planning Authority to be satisfied that sufficient mitigation measures will be in place.

Reason: In the interests of the character and appearance of the development and the amenity of the area in which it is set including the amenity of nearby occupiers.
This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

7 The first floor windows on the western elevation of Plot 1 and eastern elevation of Plot 4 shall be obscure glazed (at least level 3).

Reason: To define the terms of the permission in the interests of the amenity of neighbouring residents.
This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

8 Before the dwellings on plots 1 and/or 2 are occupied the driveways and parking areas associated with both properties shall be constructed in accordance with the approved details. Both driveways shall thereafter be available for use for vehicular turning by occupants/visitors of plot 2.

Reason: To ensure a satisfactory development in the interest of the amenity of future occupiers and also highway safety.
This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

9 Before the dwellings on plots 3 and/or 4 are occupied the driveways and parking areas associated with both properties shall be constructed in accordance with the approved details. Both driveways shall thereafter be available for use for vehicular turning by occupants/visitors of either dwelling.

Reason: To ensure a satisfactory development in the interest of the amenity of future occupiers and also highway safety.
This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

10 The development hereby permitted shall incorporate the following flood risk measures:

DC_FINAL_DECISION - ODB:14

- Finished floor levels shall be 300mm above existing ground level;
- Flood resilient construction shall be incorporated within the development up to 300mm above finished floor level;
The mitigation measures shall be fully implemented prior to occupation.

Notes:
1. Future occupants are advised to sign up to the Environment Agency's free Floodline Warnings Direct Service.
2. Where levels are raised above existing ground levels, the submission shall be supported by cross-sectional drawings showing the relationship with adjoining uses and buildings to enable the Local Planning Authority to be satisfied that sufficient mitigation measures will be in place.

Reason: To ensure that the development does not increase the risk of flooding or be at risk of flooding and to protect surrounding amenity.
This Condition is imposed in accordance with Policies 3 and 4 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 14 of the National Planning Policy Framework, 2019.

11 Before the commencement of the development hereby granted beyond oversite, full details of the proposed means of foul and surface water disposal to separate systems shall be submitted to and approved in writing by the Local Planning Authority and the details so approved shall be implemented in full before there are any flows into the receiving systems.

Reason: To ensure that the site is adequately drained, to avoid pollution, and to prevent increased risk of flooding.
This Condition is imposed in accordance with Policies 2, 3 and 30 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 14 of the National Planning Policy Framework, 2019.

12 The water consumption of each dwelling hereby permitted should not exceed the requirement of 110 litres per person per day (as set out as the optional requirement in Part G of the Building Regulations 2010 and the South East Lincolnshire Local Plan, 2019). The person carrying out the work must inform the Building Control Body that this duty applies. A notice confirming the requirement for the water consumption has been met shall be submitted to the Building Control Body and Local Planning Authority, no later than five days after the completion of each individual dwelling.

Reason: To protect the quality and quantity of water resources available to the district.
This Condition is imposed in accordance with Policy 31 of the South East Lincolnshire Local Plan, 2019.

Notes:

The Local Planning Authority has acted positively and proactively in determining this application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and by identifying matters of concern within the application and

negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal.

This decision notice, the relevant accompanying report and the determined plans can be viewed online at http://planning.sholland.gov.uk/OcellaWeb/planningSearch

The permitted development requires the formation of a new/amended vehicular access. These works will require approval from the Highway Authority in accordance with Section 184 of the Highways Act. The works should be constructed in accordance with the Authority's specification that is current at the time of construction. Relocation of existing apparatus, underground services or street furniture will be the responsibility of the applicant, prior to application. For approval and specification details, please contact vehiclecrossings@lincolnshire.gov.uk

Please contact the Lincolnshire County Council Streetworks and Permitting Team on 01522 782070 to discuss any proposed statutory utility connections and any other works which will be required within the public highway in association with the development permitted under this Consent. This will enable Lincolnshire County Council to assist in the coordination and timings of these works.

Phil Norman
Planning and Building Control Manager
South Holland District Council

BUILDING REGULATIONS:
This decision refers only to planning permission as granted under the Town and Country Planning Act 1990. The works that you are proposing may also require Building Regulations and this planning permission does not give authority under Building Regulations to commence work. Please contact the Building Control section for further information on 01775 764557 or bcadmin@sholland.gov.uk

RIGHTS OF APPEAL

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or grant consent subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990 or Section 20 of the Planning (Listed Building and Conservation Areas) Act 1990.

Timescales for appealing

The deadlines for appeals are calculated from the **date of decision** and are as follows for the types of applications below:

12 Weeks	6 Months	8 Weeks
Householder Applications	Planning Permission	Consent to Display Adverts
Minor Commercial Development	Listed Building Consent	
Agricultural Determinations	Other Prior Approval Applications	
Householder Prior Approval Applications		

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planning inspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

Enforcement Notices

If an enforcement notice was served prior to the planning application being determined then the deadline for appealing is 28 days from the date of the **planning refusal**.

If an enforcement notice is served after the planning application is determined then the deadline for appealing is 28 days from the date of the **enforcement notice** OR **the timescales stated above for each application type** from the date of the planning refusal - whichever is sooner.

Appeals can be made online at: https://www.gov.uk/planning-inspectorate. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the

Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under the order.

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grant it subject to conditions the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of the Part VI of the Town and Country Planning Act 1990 or Section 32 of the Planning (Listed Building and Conservation Areas) Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in Section 114 and related provisions of the Town and Country Planning Act 1990 and Section 27 of the Planning (Listed Building and Conservation Areas) Act 1990.
