DO NOT SCALE FROM THIS DRAWING

This drawing is not to be used for scaling, bracing, framing, or other purposes other than for which it is issued. The General Contractor is to check all dimensions and conditions of the work and to report any discrepancies to the architect. The contractor's responsibilities are based upon typical site conditions related to the work. No responsibility can be accepted for unusual conditions which may be discovered during construction unless notification is made to the architect in writing. The contractor is to be responsible for the safety of the work and for the need of insurance to establish suitable site conditions before foundation work is started. The contractor is to be responsible for the safety of the work and for the need of insurance to establish suitable site conditions before foundation work is started. The contractor is to be responsible for the safety of the work and for the need of insurance to establish suitable site conditions before foundation work is started.
