I have reviewed the EPS Limited 'Verification Report Plots 3 & 4 Land off Worlds End Road Tydd St Mary Spalding PE13 5QW' ref UK18.4095d Dated 21st October 2020 Report Status: Issue 1 and am in general agreement with the findings. The remedial activity has been undertaken as per the agreed remediation method statement and adequate validation has been presented. Please note that the soil source test data is considerably older then we usually accept, however as the soils have been sampled insitu this is acceptable in this instance.
However, I am unable to recommend discharge of condition 7 part iv of H21-0859-16 at the current time as it relates to the whole site, and this validation is for plots 3 & 4 only.
