I have reviewed the Ground Engineering Limited 'SITE INVESTIGATION REPORT LAND REAR OF 192-200 HIGH ROAD WESTON SPALDING LINCOLNSHIRE Report Reference C15417' dated August 2021. I am in general agreement with the findings and recommend discharge of parts i & ii of (Condition 14 of H22-0685-20) with iii & iv remaining outstanding. The report recommends remedial action in garden areas, and a suitable remediation method statement and proposals for validation should be submitted prior to the commencement of works on site.
