Wigwam Introduction
(Picture 1 of 1)

The Wigwam®

Our Wigwam® is the original and the best. An ideal low cost accommodation unit, the Wigwam® range offers the Wee Brave, Big Chief and Running Water cabins.

All our Wigwams® are fully insulated, double glazed and have white painted tongue & groove pine boarded linings to give a cool wood effect ideal for easy cleaning and an optional furniture pack.

The Big Chief Wigwam not only provides a platform creating a spacious, free flowing and elegant, cosy, comfortable living & rooms' light and versatile interior for day time use. Being the slightly larger Wigwam® this cabin is especially family friendly and often used as a holiday accommodation is more popular and attracts longer lets. The Wigwam is the perfect eco friendly low season holiday unit requiring minimum maintenance, easy to clean, easy to manage and built to last.

The Wigwam® is constructed from pre-stressed timber frames. These sit on concrete block foundations, holding the building off the ground ensuring continual ventilation of the structural timbers. The building is wrapped in a breathable skin of tyvek roofing membrane and the cladding consists of feather edged 150mm boards cut from European Larch or Douglas fir. The boards are treated and fixed to counter battens, with a 50mm overlap. The attractive, all timber open canopy with varnished wooden fascia and end walls and a wide pitched timber planked board tiled proofing. It has its covering windows for light and ventilation, is fully insulated to provide a warm cosy environment and to fit with double glazing.

Wigwam Holidays

Wigwam Holidays was launched in June 2002 to establish a national network of wigwam sites. These are proving highly popular with visitors throughout the U.K. and around the world so that when you enjoy Wigwams from us we are providing you with not just a great accommodating solution but a network of sites ready to stay with you.
