

Picnic Bench , Specification and Description

Key Features:

- Manufactured from 100% recycled plastic material with attractive wood grain effect
 - **Free plaque:** Promote your sustainability credentials with this picnic table, featuring a FREE plaque detailing how many plastic bottles were recycled to make it!
 - Will never rot and can last 5 times longer than timber furniture
 - Child friendly design with durability and safety in mind
 - Strong durable design with central middle support for superior stability
 - Requires ZERO maintenance - just a simple wipe down year after year!
 - Suitable for SEN schools to encourage pupils' communication and interaction with one another
 - Further to our 25 year guarantee, we also offer replacement parts for all our standard furniture products should they become damaged. For more information on what is available, [click here](#)
- Please Note:** this table is available in brown and black but on a minimum order quantity of 5 tables.
