CASE OFFICER ASSESSMENT

Proposal

This is an application to discharge Conditions 4, 5 and 6 (Archaeology) of H22-0557-18 (residential development of 3 dwellings on land opposite 233 Broadgate, Weston Hills).

History

H22-0238-19 - Non material amendment (revised internal layout to Plot 3 to include minor external elevation amendments and re-positioning of Plot 1) (approved March 2019)

H22-1271-18 - Reserved matters application for erection of 3 dwellings - outline application H22-0558-18) (approved February 2019)

H22-0558-18 - Outline application for residential development - 3 plots (approved August 2018)

Consultation Responses

LCC Historic Environment Officer - This office can confirm that the final report submitted meets our requirements in respect of the conditions on H22-0558-18. We therefore recommend that these are discharged.

Planning Considerations

Given that LCC's Historic Environment Officer is content with the submitted archaeological information it is considered sufficient to satisfy Conditions 4, 5 and 6 of H22-0558-18.

Additional Considerations

Public Sector Equality Duty

In making this decision the Authority must have regard to the public sector equality duty (PSED) under s.149 of the Equalities Act. This means that the Council must have due regard to the need (in discharging its functions) to:

A. Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act.

B. Advance equality of opportunity between people who share a protected characteristic and those who do not. This may include removing or minimising disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic; taking steps to meet the special needs of those with a protected characteristic; encouraging participation in public life (or other areas where they are underrepresented) of people with a protected characteristic(s).

C. Foster good relations between people who share a protected characteristic and those who do not including tackling prejudice and promoting understanding.

The protected characteristics are age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The PSED must be considered as a relevant factor in making this decision but does not impose a duty to achieve the outcomes in s.149. It is only one factor that needs to be considered, and may be balanced against other relevant factors.

It is not considered that the recommendation to grant permission in this case will have a disproportionately adverse impact on a protected characteristic.

Human Rights

In making a decision, the Authority should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as South Holland District Council to act in a manner that is incompatible with the European Convention on Human Rights. The Authority is referred specifically to Article 8 (right to respect for private and family life) and Article 1 of the First Protocol (protection of property).

It is not considered that the recommendation to grant permission in this case interferes with local residents' right to respect for their private and family life, home and correspondence, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general public interest and the recommendation to grant permission is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

Conclusion

Given the above, it is considered that the information submitted to satisfy Conditions 4, 5 and 6 of H22-0558-18 is acceptable and that the conditions can be discharged in this instance.
