**Case Officer Conclusions / Report** MF. 20/9.

Grade II Listed Building

SHDLP Policy E2B therefore relevant.

Discussed with the consultant conservation officer, who considers, on balance that the proposal would not be harmful to the character/appearance of this Grade II Listed building.

Applicant wishes to use cladding at first floor level due to thickness of wall at ground floor levels (cannot accommodate insulation at first floor).

Consultant considers it to be a ~~minor~~ progression to the ~~building~~ rear of the existing building.

NB. Original character of the building already spoilt due to rendering + upvc windows (this was investigated at the time as a possible offence, but no action taken due to insufficient evidence). See separate enforcement file ref ENF/150/99/E22
