

Dear Customer

Here is your new, essential bus links, guide for Holbeach, Long Sutton and Sutton Bridge areas.

Here's your 2003 first issue timetable. There are very few changes to worry about. The X17 and 505 arriving King's Lynn for 8.30am have been amalgamated into a "fast 505". The 5.45pm X17 from Spalding runs only to Sutton Bridge, not King's Lynn.

There is no change to the times of the Call-Connect and Norfolk Green 65 Holbeach to Boston services. Tickets off the Call-Connect will be available for main line travel on either operators' 505 journeys. And, in a new move, you can buy a single or return ticket to Boston from any point on connecting 505 journeys from King' Lynn or vice versa.

As far as fares are concerned, the law does not allow us to co-ordinate them so there may be some differences between single ticket prices. Both operators can be expected to offer you good value prices, and as a guide the existing X17 fares by Norfolk Green will be the basis of the new 505 fares.

There's good news with day return tickets too! You can buy a return ticket on any X17 or 505 journey, and use them for the return trip on any bus. That also applies on Brylaine's evening 505 journeys.

We hope you like the new service pattern. Please let us know your views.

505 and X17 Times from King's Lynn to Spalding

Monday to Saturday excluding Bank Holidays

Notes

X17 journeys use the A17 between King's Lynn and Sutton Bridge after serving Saddlebow Road (Spar Shop)

SHO serves these points on Saturdays and Spalding school holidays only.

505 journeys also serve South Lynn Hillen Road and West Lynn
