Prior Approval of Proposed Change of Use of Agricultural Building to a Dwellinghouse (Use Class C3), and for Associated Operational Development*

Town and Country Planning Act 1990

Town and Country Planning (General Permitted Development) Order 1995 (as amended)

*Development is not permitted where the proposed change of use would result in more than 3 dwellinghouses that have a cumulative floor space of more than 450 square metres being created within an "established agricultural unit" (which means agricultural land occupied as a unit for the purposes of agriculture on or before 20 March 2013, or for ten years before the date the proposed development will begin). Development is not permitted where the building is listed, the site is or contains a scheduled monument, is located on Article 1(5) land, or in a site of special scientific interest, a safety hazard area or a military explosives storage area.

Pack-House, General & Cold Storage

If the building was brought into use after the 20th March 2013, what date was it brought into use? (DD/MM/YY)

Please provide details of its use since it was brought into use:

Is the site currently occupied under an agricultural tenancy agreement?

Yes ☐ No ☒

If yes, I/we confirm that both parties to that agreement have consented to the change of use:

☐

Please attach written confirmation from the landlord and tenant confirming they both agree to the change of use.

Has an agricultural tenancy agreement been terminated in the year before development is proposed to begin for the purpose of carrying out the change of use?

Yes ☐ No ☒

If yes, I/we confirm that both parties have agreed that the site is no longer required for agricultural use:

☐

Please attach written confirmation from the landlord and tenant confirming they both agree that the site is no longer required for agricultural use.

What is the total number of proposed dwellinghouses that will be developed within the established agricultural unit (including the number of dwellinghouses already developed under Class MB of Part 3 of Schedule 2 to the Town and Country Planning (General Permitted Development Order) 1995, as amended by SI 2014/564)?

TWO

Please specify (including any floor space that has already changed use to a dwellinghouse under Class MB of Part 3 of Schedule 2 to the Town and Country Planning (General Permitted Development Order) 1995, as amended by SI 2014/564):

The cumulative floor area of building which is proposed to change use:

380 sq.m.

The cumulative area of land within its curtilage which is proposed to change use:

440SQ.M.

4. Description of proposal (Continued)

Please describe the proposed development, including relevant information on the siting and location of the building:

This is a Prior Notification Application (Qb) as follows:

The proposal is to change the use of an existing Pack-House, General & Cold Storage building into a pair of semi-detached properties. This will entail upgrading the existing structure to comply with current Building Regulations. The Existing structure was built in the 1950's approx. It is constructed of a corrugated asbestos roof on 229mm common brick walls with single glazed windows. The structure is in a generally good state of repair. The building is adjacent to Residential properties on both sides.

Please give any relevant information on transport and highways, noise, contamination and flooding risks on site. A flood risk assessment should be provided with the application in Flood Zones 2 and 3, and in Flood Zone 1 where an area which has critical drainage problems has been notified to the Local Planning Authority by the Environment Agency:

Moulton Chapel Road (B1537) is a well maintained 'B' Road and would be capable of maintaining any additional Traffic generated by this proposal.

The neighbouring properties are 16.5m to the West and 37.5m to the East, therefore it is considered that both are a of sufficient distance to not give rise to any noise contamination.

The building has been in Agricultural use since being constructed and its usage since then is unlikely to have given rise to any land contamination.

From the South Holland Strategic Flood map and the Environment Agency Flood map the site is situated in Flood Zone 1.

The applicants are not aware of any critical drainage problems. the proposal will not therefore create any additional Flood Risk.

Please give a description of any exterior alterations which are proposed to the building including information of any intended partial demolition reasonably necessary to carry out these works, work involving the installation or replacement of windows, doors, roofs, exterior walls and work involving the installation or replacement of water, drainage, electricity, gas or other services.

The Building is in a good state of repair but will require some alteration to its external appearance to convert to a residential property. The materials proposed for the external elevations will enhance the buildings presence in the street scene.

5. Checklist

Please read the following checklist to make sure you have sent all the information in support of your proposal. Failure to submit all information required could result in your notification being deemed invalid. It will not be considered valid until all information required by the Local Planning Authority has been submitted. Please note that as part of this procedure, if any objections are received the Local Planning Authority may require submission of further information at a later date.

All sections of this notification completed in full, dated and signed (typed signature if sent electronically). ☒
