

HOLLY TREE FARM
BROOKGATE WESTON

Clay pantile

To make the
bay distinctive
carry it down
in brick

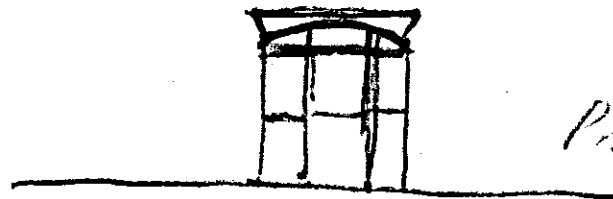

Flat arch
rather than
soldiers

Client wished
to reduce width
of lounge

Suggest reducing
width of dormers
and placing them
near the eaves
(May have over-done
this)

I don't think the detail of
this opening works with courses of brick
'hanging' in the
air

Probably needs to be
narrower.

MIRW 22 MAR 05

Have drawn this slightly too low
should sit under dentils
