Thank you for consulting us on this.
Having reviewed the application documents and the updated available Historic Environment information for this application, the proposal is unlikely to have an impact on significant archaeological remains. Consequently, no further archaeological input is necessary for this application. It is not necessary to consult us on this application again, unless there are material changes to the proposals. However, if you would like advice from us, please contact us to explain your request.
Finally, as the proposal involves an extension to the Grade II listed building Hagbeach (MLI90519), the South Holland District Council Conservation Officer should be consulted prior to determination, given the potential for both direct and indirect impacts upon the significance and setting of this designated heritage asset.
