Application H23-0158-25
Location ST MARYS CHURCH KIRK GATE WHAPLODE PE12 6TE
Proposal Proposed replacement of south aisle roof in terne-coated stainless steel including replacement gutters and flashings

Name Diane Fairchild
Address Conservation Assistant (Tree Preservation) Planning & Development

Date Submitted 15-04-25
For/Against Support

That storage of materials during construction is kept well away from the Root Protection Areas of trees, British Standard BS 5837: 2012 to prevent ground compaction over the roots.

That should bats be present in the Church roof that the works proposed are carried out the appropriate time of the year to cause least disturbance. Professional advice being sought on this subject should it apply.
