This drawing is copyright and may not be altered, traced, photographed or used for any other purpose other than that for which it is issued.
The General Contractor is to check all dimensions on site and report any discrepancies to the Architect.
All details shown on this drawing including foundations are based upon typical site conditions related to the area. No responsibility can be accepted for abnormal conditions which may be encountered during construction or as reported to the Architect as that design amendments as may be considered. Site soil surveys are recommended in respect of foundations to establish specific site conditions before foundation work is undertaken.

DETERMINED PLAN

DO NOT SCALE FROM THIS DRAWING

This drawing is copyright and may not be altered, traced, photographed or used for any other purpose other than that for which it is issued. The General Contractor is to check all dimensions on site and report any discrepancies to the Architect. All details shown on this drawing including foundations are based upon visual site conditions related to the area. No responsibility can be accepted for abnormal conditions which may be discovered during construction unless reported to the Architect as their design should be considered. Site soil surveys are recommended to ascertain the specific site conditions before foundation work is undertaken. This drawing is limited in the amount of information contained and does not purport to contain a full specification of the works. It is only for the purposes of obtaining Planning / Building Regulation approval. This drawing must not be used as a contract document alone. The works will not be supervised or inspected on site by G R Merchant or any representative thereof. It is the client or their appointed agents responsibility to coordinate all workmanship, substitution of materials, adherance to specification, variations to contract etc.

All materials to be new unless otherwise stated and all components and materials etc. to be used therein and installed etc. in strict accordance with manufacturers instruction and relevant code of practice. Materials shall conform to appropriate British standard specification or BBA certificate or European code equivalent. The Employer / Client shall ensure that the selected contractor is competent to undertake the works necessary to achieve compliance with Health and Safety legislation for Building sites and the Construction Design and Management Regulations an Independent Planning Supervisor will be required in all places. The Employer / Client is advised that should the works proved to comply with the Construction Design and Management Regulations an Independent Planning Supervisor will be required in all places. The works shall comprise of all that is shown on the drawing and details. Work that may not specifically shown but may be reasonably inferred as necessary to carry out works shall be deemed to be included.
