Proposal	Use of land for siting of mobile home

Name	J Reith
Address	Environmental Health Technician Safety and Environment

Date Submitted	23-06-17
For/Against	Comments

The Stage 1: Desktop Study and Risk Assessment Report by Your Environment dated March 2017 recommends that further investigation is required for this site in the form of an intrusive ground investigation. I would therefore wish to see the results of this investigation prior to any planning decision being made.
