Date: MARCH '03	Drawn: GRM.

Scales
AS INDICATED.

DO NOT SCALE FROM THIS DRAWING
This drawing is copyright and may not be altered, traced, photographed or used for any other purpose other than that for which it is issued. The General Contractor is to check all dimensions on site and report any discrepancies to the Architect. All levels shown on this drawing including boundaries are based upon survey information and are relative to the site. No responsibility can be assumed for abnormal conditions which may only become apparent during excavation unless reported to the Architect prior to the design and/or construction being considered. Site investigations are recommended in respect of ground and groundwater conditions. Any comments made on conditions below ground level in connection with this drawing is limited to the amount of information contained and does not purport to represent a full description of the strata. It is solely for the purposes of obtaining Planning / Building Regulation approval. This drawing must not be used as a contract document unless. The works will not be supervised or inspected regularly by G R Merchant or any representative thereof. It is the client or their appointed agents responsibility to control workmanship, substitution of materials, submission to Building Regulation variations to contract etc.
All materials to be new unless otherwise stated and all components and materials etc. to be used fitted and installed etc. in strict accordance with manufacturers instruction and relevant code of practice. Materials shall conform to appropriate British standard identification or British certificate or European code equivalent. The Employer / Client shall ensure that the selected contractor is experienced with and adopts all measures necessary to address compliance with Health and Safety legislation for Building sites and Work places. The Employer / Client is advised that should the works need to comply with the Construction Design and Management Regulations an Independent Planning Supervisor will be required. The works shall comprise of all that is shown on the drawing and details. Work that may not specifically shown but may be reasonably inferred as necessary to carry out the works shall be deemed to be included.
