**Ref - Planning Application for Building Plot, Pipwell Gate, Saracens
Head. PE12 8BA – SD17-052/BG/LDG**

Please find below some supporting details about my Wife and I in relation to the above application:

Applicants – James Lumley and Emily Lumley

Emily and I move to South Lincs in the November 2014 from our Home in Suffolk. This was a direct result of me starting a new Job based at Saracens head. This new role is working in the same industry as I have worked my entire life having been born and raised on a farm in Yorkshire.

I (James) am Managing Director of “Oldershaws of Moulton ltd” a farming Business located on Roman Bank, Saracens head (360m from the site), the business both owns and farms the land around the plot. As such I am already a fixture in the community.

Due to the nature of the business I don't work a standard 9 till 5, 5 days per week but depending on the season the hours are very flexible. As part of my role I must be on hand to manage our employees and monitor cold stores containing potatoes and onions. This monitoring needs to be done morning and night so living near to the site would be a great advantage, cutting down on travel time.

Emily, my wife is employed full time as an Estimator working for a construction company in Kings Lynn and commutes each day. She has worked for the company for 9 years. Emily was luckily enough to gain an internal transfer within the company she worked for in Suffolk.

The proximity of the site to the A17 would also shorten her daily commute.

Emily and I have been fortunate to recently have a Baby Boy, currently 10 weeks old. It is our intention to construct a single Residential property in the centre of the site to provide a family home for us to reside in. We have no plans to move from our current employment in the foreseeable future. As such, no further developments are planned, and the rest of the plot would be landscaped accordingly to provide a safe enclosed garden for the family to enjoy.

I hope this information has been helpful to you in understanding the need and reason for this application.

Thank you for your consideration.

Yours sincerely,
