TOWN AND COUNTRY PLANNING ACT 1990

FULL

Reference: H23-0535-18 **Date of Decision:** 21st August 2018

Applicant: South Lincolnshire Developments Ltd
C/O Moulton Land & Planning Ltd
7 Broad Lane
Moulton
Spalding Lincs
PE12 6PN

Location: The Sycamores Farmyard Churchgate Spalding

Description: Residential development - 8 dwellings including private drive

South Holland District Council hereby give notice that this application has been GRANTED (or equivalent) subject to the following condition(s):

1 The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Dwg. no. SLDwh/001;
Dwg. no. 01 (Topographical Survey);
Dwg. no. 0518/01/SL;
Dwg. no. 0518/01/vis;
Dwg. no. 0518/01/PL1fle;
Dwg. no. 0518/01/PL2fl;
Dwg. no. 0518/01/PL2el;

Dwg. no. 0518/01/PL3fl;
Dwg. no. 0518/01/PL3el;
Dwg. no. 0518/01/PL4fl;
Dwg. no. 0518/01/PL4el;
Dwg. no. 0518/01/PL5fl;
Dwg. no. 0518/01/PL5el;
Dwg. no. 0518/01/PL6fl;
Dwg. no. 0518/01/PL6el;
Dwg. no. 0518/01/PL7fl;
Dwg. no. 0518/01/PL7el;
Dwg. no. 0518/01/PL8fl;
Dwg. no. 0518/01/PL8el;
Dwg. no. 0518/01/PL Garage;
Soil Test Report - Chemical Analysis dated February 2018;
Planning Statement by Moulton Land & Planning dated May 2018.

Reason: For the avoidance of doubt and in the interests of proper planning.

3 Before the commencement of the development hereby permitted beyond oversite a schedule of external materials of construction of buildings and hard surfaced areas shall be submitted to and approved in writing by the Local Planning Authority. The development shall be constructed in accordance with the materials so approved.

Reason: To ensure that the Local Planning Authority retains control over the external materials of construction of the development in the interests of the character and appearance of the development and the visual amenity of the area in which it is set.
This Condition is imposed in accordance with Policy SG14 of the South Holland Local Plan, 2006.

4 Before the commencement of the development hereby permitted beyond oversite, the approval of the Local Planning Authority is required to a scheme of landscaping and tree planting for the site indicating, inter alia, the number, species, heights on planting and positions of all the trees, together with details of post-planting maintenance. Such scheme as is approved by the Local Planning Authority shall be carried out in its entirety within a period of twelve months beginning with the date on which development is commenced. All trees, shrubs and bushes shall be maintained by the owner or owners of the land on which they are situated for the period of five years beginning with the date of completion of the scheme and during that period all losses shall be made good as and when necessary.

Note: The applicant is recommended to employ a qualified and experienced landscape designer to produce a landscaping scheme for the development.

Reason: To ensure that the development is adequately landscaped, in the interests of its visual amenity and that of the area in which it is set.
This Condition is imposed in accordance with Policy SG18 of the South Holland Local Plan, 2006.

5 None of the existing trees on the site shall be cut down, up-rooted, destroyed, topped or lopped unless first agreed in writing by the Local Planning Authority. If any tree which is

to be retained dies or is to be removed it shall be replaced within six months thereafter with a tree of such size and species which shall be first be agreed in writing by the Local Planning Authority.

Reason: To ensure the protection of existing trees on the site, in the interests of the visual amenity of the locality.
This Condition is imposed in accordance with Policy SG18 of the South Holland Local Plan, 2006 and national guidance contained in Section 15 of the National Planning Policy Framework, 2018.

6 Those trees to be retained on site they shall be protected during construction work as follows:

i) chestnut pale or similar fencing 1.5 metres in height shall be provided around the trees to be retained before development is commenced at a minimum distance from the trunks equal to the spread of the crowns of the trees. No materials, equipment, site huts, fuels or other items shall be placed or stored within the areas enclosed by the fencing so erected and the ground levels within those areas shall not be altered, nor shall any excavation be made,
ii) no burning of materials or other items shall take place within 3 metres of the crown spread of any of the trees to be retained;
iii) no services shall be routed under the spread of the crowns of the trees to be retained.
Reason: To ensure the protection of trees on the site.

This Condition is imposed in accordance with Policy SG18 of the South Holland Local Plan, 2006 and national guidance contained in Section 15 of the National Planning Policy Framework, 2018.

7 Prior to its installation, details of the proposed boundary treatment/screening, including a schedule of materials, and details of the size and species of any hedging, shall be submitted to and approved in writing by the Local Planning Authority, and the details so approved shall be implemented in full before the development is first brought into use.

Note: The scheme should include 2 metre high close boarded fencing along the south-western boundary of the site adjoining the playing field.

Reason: In the interests of the character and appearance of the development and the visual amenity of the area in which it is set.
This Condition is imposed in accordance with Policy SG14 of the South Holland Local Plan, 2006.

8 A detailed scheme of construction management to minimise disturbance during the construction process through noise, dust, vibration and smoke shall be submitted to and approved in writing by the Local Planning Authority before the development commences and the construction process shall be carried out in accordance with the scheme so approved. It shall also include a method statement, detailing how construction traffic, site personnel vehicles, materials deliveries and site accommodation will be managed to safeguard highway safety, free passage along Church Gate and residential amenity.

Reason: In the interests of the amenity of local residents. This issue is integral to the

development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policies SG14 and SG17 of the South Holland Local Plan, 2006.

9 The refuse and recycling storage facilities at the site's entrance, as indicated on Dwg. no. 0518/01/SL, shall be provided before any dwelling is occupied and shall thereafter be so maintained.

Reason: To ensure that adequate facilities are made available for refuse storage and disposal and to avoid pollution and protect residential amenity.
This Condition is imposed in accordance with Policies SG13 and SG17 of the South Holland Local Plan, 2006.

10 Finished floor levels shall be set 300mm above existing ground level unless agreed otherwise in writing by the Local Planning Authority.

Reason: To ensure a satisfactory development in the interest of flood risk and to ensure a satisfactory relationship to existing development.
This Condition is imposed in accordance with Policy SG14 of the South Holland Local Plan, 2006 and national guidance contained in Section 14 of the National Planning Policy Framework, 2018.

11 The development hereby permitted shall not be commenced until a scheme to deal with any contamination of land or pollution of controlled waters has been submitted to and approved in writing by the Local Planning Authority (LPA) and until the measures approved in that scheme have been implemented. The scheme shall include all of the following measures:

i) a desk-top study carried out to identify and evaluate all potential sources of contamination and the impacts on land and/or controlled waters, relevant to the site. The desk-top study shall establish a 'conceptual site model' and identify all plausible pollutant linkages. Furthermore, the assessment shall set objectives for intrusive site investigation works/Quantitative Risk Assessment (or state if none required). Two full copies of the desk- top study and a non-technical summary shall be submitted to the LPA without delay upon completion.
ii) if identified as being required following the completion of the desk-top study, a site investigation shall be carried out to fully and effectively characterise the nature and extent of any land contamination and/or pollution of controlled waters. It shall specifically include a risk assessment that adopts the Source-Pathway-Receptor principle, in order that any potential risks are adequately assessed taking into account the sites existing status and proposed new use. Two full copies of the site investigation and findings shall be forwarded to the LPA without delay upon completion.
iii) thereafter, a written method statement detailing the remediation requirements for land contamination and/or pollution of controlled waters affecting the site shall be submitted to and approved in writing by the LPA, and all requirements shall be implemented and completed to the satisfaction of the LPA. No deviation shall be made from this scheme. If during redevelopment contamination not previously considered is identified, then the LPA shall be notified immediately and no further work shall be carried out until a method statement detailing a scheme for dealing with the suspect contamination has been

submitted to and agreed in writing by the LPA.
iv) two full copies of a full closure report shall be submitted to and approved in writing by the LPA. The report shall provide verification that the required works regarding contamination have been carried out in accordance with the approved Method Statement(s). Post-remediation sampling and monitoring results shall be included in the closure report to demonstrate that the required remediation has been fully met.

Note
The applicant is advised that the phased risk assessment required by the Contaminated Land Scheme Condition should be carried out in accordance with the procedural guidance of the Environmental Protection Act 1990 Part 11A.
The applicant's attention is also drawn to the document entitled "Developing Land Within Lincolnshire - A guide to submitting planning applications to develop land that may be contaminated", which can be obtained through the Local Environmental Health Department.

Reason: To assess whether the site is polluted and to address any pollution to ensure a satisfactory development. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policy SG13 of the South Holland Local Plan, 2006.

12 Before any dwelling is occupied the private driveway between that property and the public highway shall be completed in accordance with details to be submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure a satisfactory development in the interest of the amenity of future occupiers and also highway safety.
This Condition is imposed in accordance with Policies SG14 and SG17 of the South Holland Local Plan, 2006.

13 Before the access is brought into use visibility splays shall be provided at the site's entrance in accordance with details shown on dwg. no. 0518/01/vis accompanying the application. Thereafter the visibility splays shall be kept free of obstacles exceeding 0.6 metres in height.

Reason: In the interests of safety of the users of the public highway and the safety of the users of the site.
This Condition is imposed in accordance with Policies SG14 and SG15 of the South Holland Local Plan, 2006.

14 No development shall take place until a surface water drainage scheme for the site, based on sustainable urban drainage principles and an assessment of the hydrological and hydrogeological context of the development, has been submitted to and approved in writing by the Local Planning Authority.

The scheme shall:
a) Provide details of how run-off will be safely conveyed and attenuated during storms up to and including the 1 in 100 year critical storm event, with an allowance for climate change, from all hard surfaced areas within the development into the existing local

drainage infrastructure and watercourse system without exceeding the run-off rate for the undeveloped site;
b) Provide attenuation details and discharge rates which, unless agreed otherwise with the surface water receiving body, shall be restricted to 1.4 litres per second per hectare;
c) Provide details of the timetable for and any phasing of implementation for the drainage scheme; and
d) Provide details of how the scheme shall be maintained and managed over the lifetime of the development, including any arrangements for adoption by any public body or Statutory Undertaker and any other arrangements required to secure the operation of the drainage system throughout its lifetime.

The development shall be carried out in accordance with the approved drainage scheme and no dwelling shall be occupied until the approved scheme has been completed or provided on the site in accordance with the approved phasing. The approved scheme shall be retained and maintained in full in accordance with the approved details.

Reason: To ensure that the site is adequately drained, to avoid pollution, and to prevent increased risk of flooding. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policies SG11 and SG12 of the South Holland Local Plan, 2006 and national guidance contained in Section 14 of the National Planning Policy Framework, 2018.

15 Foul water shall be disposed of to the mains sewer.

Reason: To ensure that the site is adequately drained and to avoid pollution.
This Condition is imposed in accordance with Policies SG12 and SG13 of the South Holland Local Plan 2006.

16 Before any works of demolition are commenced an ecological survey shall be carried out to determine the presence, or otherwise, of owls or bats upon the site and the results of such a survey shall be submitted to the Local Planning Authority. If protected species are present a working design, method and timetable to mitigate any harm to the species involved shall be submitted to and approved in writing before any works of demolition are commenced and thereafter be carried out in accordance with the approved details prior to occupation.

Reason: In the interest of nature conservation and because owls and bats are a protected species.
This Condition is imposed in accordance with national guidance contained in Section 15 of the National Planning Policy Framework, 2018.

Notes:

The Local Planning Authority has acted positively and proactively in determining this application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and by identifying matters of concern within the application and negotiating, with the Applicant, acceptable amendments to the proposal to address those

concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal.

This decision notice, the relevant accompanying report and the determined plans can be viewed online at http://planning.sholland.gov.uk/OcellaWeb/planningSearch

The applicant is advised that the existing Sycamore tree upon the site is the subject of Whaplode TPO No. 6. 2010.

This road is a private road and will not be adopted as a Highway Maintainable at the Public Expense (under the Highways Act 1980) and as such the liability for maintenance rests with the frontagers.

Please contact Lincolnshire County Council Streetworks & Permitting team on 01522 782070 to discuss any proposed statutory utility connections and any other works which will be required in the public highway in association with this application. This will enable Lincolnshire County Council to assist you in the coordination and timings of such works.

Where private drives are proposed as part of any development you should be aware of the requirements laid down in Manual for Streets and Manual for Streets 2.

Phil Norman
Planning and Building Control Manager
South Holland District Council

BUILDING REGULATIONS:
This decision refers only to planning permission as granted under the Town and Country Planning Act 1990. The works that you are proposing may also require Building Regulations and this planning permission does not give authority under Building Regulations to commence work. Please contact the Building Control section for further information on 01775 764557 or bcadmin@sholland.gov.uk

RIGHTS OF APPEAL

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or grant consent subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990 or Section 20 of the Planning (Listed Building and Conservation Areas) Act 1990.

Timescales for appealing

The deadlines for appeals are calculated from the **date of decision** and are as follows for the types of applications below:

12 Weeks	6 Months	8 Weeks
Householder Applications	Planning Permission	Consent to Display Adverts
Minor Commercial Development	Listed Building Consent	
Agricultural Determinations	Other Prior Approval Applications	
Householder Prior Approval Applications		

Enforcement Notices

If an enforcement notice was served prior to the planning application being determined then the deadline for appealing is 28 days from the date of the **planning refusal**

If an enforcement notice is served after the planning application is determined then the deadline for appealing is 28 days from the date of the **enforcement notice** OR **the timescales stated above for each application type** from the date of the planning refusal - whichever is sooner.

All appeals must be made using an Appeal Form which you can get from The Planning Inspectorate at Temple Quay House, 2 The Square, Bristol, BS1 6PN (tel: 0303 444 5000) or you can submit your appeal online at:

http://www.planningportal.gov.uk/planning/appeals/online/makeanappeal

The Secretary of State can allow a longer period for giving notice of an appeal but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the

provisions of the development order and to any directions given under the order. In practice the Secretary of State does not refuse to consider appeals solely because the Local Planning Authroity based its decision on a direction given by him.

For detailed information on appeals, appeal types and guidance on the appeals process please visit:

http://www.planningportal.gov.uk/planning/appeals/planningappeals

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grant it subject to conditions the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of the Part VI of the Town and Country Planning Act 1990 or Section 32 of the Planning (Listed Building and Conservation Areas) Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in Section 114 and related provisions of the Town and Country Planning Act 1990 and Section 27 of the Planning (Listed Building and Conservation Areas) Act 1990.
