Environmental Protection would request the following condition be attached to the permission:

The ground works shall commence along the eastern boundary of the site ensuring that, for this area and the whole site, in the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported immediately to Environmental Protection. An investigation and risk assessment must be undertaken in accordance with details to be agreed with Environmental Protection. Where remediation is necessary, a remediation scheme must be submitted to and approved in writing by Environmental Protection. Following completion of measures identified in the approved remediation scheme a verification report shall be submitted to and approved by Environmental Health.
