TOWN AND COUNTRY PLANNING ACT 1990

OUTLINE

Reference: H23-0794-25 **Date of Decision:** 23rd October 2025

Applicant: Mr D Burchnall
11 Broadgate
Whaplode Drove
Spalding
PE12 0TN

Location: Broadgate Whaplode Drove Spalding

Description: Residential Development

South Holland District Council, in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended), hereby give notice that permission has been GRANTED (or equivalent) for the development referred to above, subject to the following condition(s):

1 The development hereby permitted shall be commenced before the expiration of three years from the date of this permission, or two years from the approval of the last of the reserved matters, whichever is the later.

Reason: To ensure that the development is commenced in a timely manner, as required by Section 92 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2 Details of all reserved matters, as set out below, shall have been submitted to the Local Planning Authority for approval within three years from the date of this permission:

i) layout
ii) scale
iii) appearance of the building(s) (including a schedule of external materials to be used);
iv) the means of access to the site; and

v) the landscaping of the site (including boundary treatment).

Approval of all reserved matters, as detailed above, shall have been obtained from the Local Planning Authority in writing, before any development is commenced.

The development shall be carried out as approved.

Reason: To ensure the Local Planning Authority can control development in detail, and to ensure that the development is commenced in a timely manner, as required by Section 92 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

3 An application for approval of reserved matters shall be made to the Local Planning Authority not later than the expiration of three years from the date of this permission.

Reason: As required by Section 92 of the Town and Country Planning Act 1990 imposed pursuant to Section 51 of the Planning and Compulsory Purchase Act 2004.

4 The development hereby permitted shall be carried out in accordance with the following approved plans and/or documents:

- 4428-25 01 - Existing Site Plan, Location Plan
- 4428-25 - Biodiversity Net Gain Assessment
- Pre-Development Plan Baseline Map
- Biodiversity Gain Plan Form
- Statutory Biodiversity Metric Calculation

Reason: For the avoidance of doubt and in the interests of proper planning.

5 The development hereby permitted shall be limited to two dwellings and shall not exceed this number.

Reason: To ensure that the development is compatible with the existing character of development in the locality and in the interests of protecting the amenity of neighbouring properties.
This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

6 The development hereby permitted shall not commence until a biodiversity gain plan has been submitted to and approved in writing, by the Local Planning Authority. The development shall then be carried out in accordance with the details as approved.

Reason: To comply with Schedule 7A of the Town and Country Planning Act (1990, as amended).

This Condition is imposed in accordance with Schedule 7A of the Town and Country Planning Act (1990, as amended) and Policy 28 of the South East Lincolnshire Local Plan, 2019.

7 Prior to any vegetation clearance (defined as the deliberate removal of any semi-natural vegetative habitat e.g., grassland, trees, and native shrubs); or prior to the

DC_FINAL_DECISION - ODB:14

commencement of any development hereby permitted (whichever comes first); a written 30-year Habitat Management and Maintenance Plan (HMMP) for the Site in question shall be submitted to and approved in writing by the Local Planning Authority.

The approved HMMP shall be strictly adhered to and implemented in full for its duration and shall contain:

A) Aims, objectives and targets for management, including habitat target conditions matching the Statutory Biodiversity Metric submitted with the application.

B) Details of the phasing and implementation of the habitats

C) Details of the management operations necessary to achieving aims and objectives.

D) Preparation of a works schedule, including timescales for habitat clearance and habitat creation and/or enhancement.

E) Details of the monitoring needed to measure the effectiveness of management and details of an assessment as to whether the target condition is achieved within the time to target period specified within the approved metric.

F) Details of the persons responsible for the implementation and monitoring.

G) Mechanisms of adaptive management and remedial measures to account for changes in the work schedule to achieve required targets.

Reason: To meet the requirements in delivering the Mandatory Biodiversity Net Gain and to ensure net gain in biodiversity is provided on site.
This Condition is imposed in accordance with Schedule 7A of the Town and Country Planning Act (1990, as amended) and Policy 28 of the South East Lincolnshire Local Plan, 2019.

8 Works should not be carried out in the main nesting season (March 1st - August 1st). If this is not possible, a suitably qualified ecologist must perform a breeding bird survey of the site prior to any works beginning on site. Any active nests discovered during inspections will be protected with a suitable exclusion buffer (of appropriate size to the species) to prevent disturbance and monitored until the nest is no longer active/all chicks have fledged, when the ecologist will provide a sign off for clearance work to continue.

Reason: To ensure the safety of any potential or existing nesting birds on site.
This condition is imposed in accordance with the Wildlife and Countryside Act (1981) as amended and Policy 28 of the South East Lincolnshire Local Plan, 2019.

9 When an application is made to the Local Planning Authority for approval of reserved matters, that application shall be accompanied by a scheme of landscaping and tree planting (including screening of bin collection points) indicating, inter alia, the number, species, heights on planting and positions of all trees in respect of the land to which that application relates, together with details of post-planting maintenance. Such a scheme shall require the approval of the Local Planning Authority, before any development is commenced.

DC_FINAL_DECISION - ODB:14

Such scheme as is approved by the Local Planning Authority shall be carried out and completed in its entirety during the first planting season following practical completion of the development. All trees, shrubs and bushes shall be maintained by the owner or owners of the land on which they are situated for the period of five years beginning with the date of completion of the scheme and during that period all losses, in the opinion of the Local Planning Authority, shall be made good as and when necessary.

Reason: To ensure that the development is adequately landscaped, in the interests of its visual amenity and that of the area in which it is set. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

10 Before any development beyond oversite is commenced, full details of the proposed means of foul and surface water disposal shall be submitted to and approved in writing by the Local Planning Authority and the details so approved shall be implemented in full before there are any flows into the receiving systems.

Reason: To ensure that the site is adequately drained, to avoid pollution, and to prevent increased risk of flooding.
This Condition is imposed in accordance with Policies 2, 3 and 30 of the South East Lincolnshire Local Plan, 2019 and Section 14 of the National Planning Policy Framework, December 2024.

11 Any subsequent reserved matters application shall be accompanied by full details of the proposed boundary treatments, including a schedule of fencing levels, heights and materials, and details of the size and species of any hedging. The details so approved shall be implemented in full before the development is first brought into use and shall be retained thereafter.

Note: Where levels are raised above existing ground levels, the submission shall be supported by cross-sectional drawings showing the relationship with adjoining uses and buildings to enable the Local Planning Authority to be satisfied that sufficient mitigation measures will be in place.

Reason: In the interests of the character and appearance of the development and the amenity of the area in which it is set including the amenity of nearby occupiers.
This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

12 Within seven days of the new access being brought into use, the existing access onto Broadgate shall be permanently closed in accordance with details to be agreed in writing with the Local Planning Authority.

Reason: To reduce to a minimum, the number of individual access points to the site, in the interests of road safety.
This condition is imposed in accordance with Policies 2, 3 and 36 of the South East Lincolnshire Local Plan, 2019 and Section 9 of the National Planning Policy Framework,

DC_FINAL_DECISION - ODB:14

December 2024.

13 No development shall take place until a written scheme of archaeological investigation (WSI), for the archaeological evaluation phase, has been submitted to and approved in writing by the Local Planning Authority.

This scheme should include the following and should be in accordance with the archaeological brief supplied by the Lincolnshire County Council Historic Environment advisor on behalf of the Local Planning Authority:

1. An assessment of significance and proposed strategy for evaluation
2. A methodology and timetable of site investigation and recording
3. Provision for site analysis
4. Provision for publication and dissemination of analysis and records
5. Provision for archive deposition
6. Nomination of a competent person/organisation to undertake the work
7. The scheme to be in accordance with the Lincolnshire Archaeological Handbook.

The archaeological site work shall only be undertaken in accordance with the approved written scheme of archaeological investigation (WSI).

Note: This WSI applies solely to the evaluation phase. If evaluation identifies the need for mitigation, a separate WSI covering mitigation works will be required.

Reason: To ensure and secure the appropriate preparation and archaeological evaluation, prior to development, in compliance with Section 16 of the National Planning Policy Framework, December 2024. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policy 29 of the South East Lincolnshire Local Plan, 2019 and Section 16 of the National Planning Policy Framework, December 2024.

14 The applicant shall notify the Lincolnshire County Council Historic Environment Department in writing of the intention to commence at least fourteen days before the start of archaeological work required in connection with Conditions 13 above in order to facilitate adequate monitoring arrangements.

Reason: To ensure satisfactory archaeological investigation and retrieval of archaeological finds in compliance with Section 16 of the National Planning Policy Framework, December 2024.
This Condition is imposed in accordance with Policy 29 of the South East Lincolnshire Local Plan, 2019 and Section 16 of the National Planning Policy Framework, December 2024.

15 The development hereby permitted shall not be occupied or first brought into use, until a copy of the final report required in connection with the approved written scheme of investigation, as required by Conditions 13, is submitted to and approved in writing by the Local Planning Authority. This final report shall also be submitted to the Lincolnshire Historic Environment Record within three months of completion of the work.

DC_FINAL_DECISION - ODB:14

The material and paper archive required as part of the written scheme of investigation shall be deposited with an appropriate archive in accordance with guidelines published in The Lincolnshire Archaeological Handbook.

Reason: To ensure satisfactory arrangements are made for the recording and archiving of possible archaeological remains in compliance with Section 16 of the National Planning Policy Framework, December 2024.
This Condition is imposed in accordance with Policy 29 of the South East Lincolnshire Local Plan, 2019 and Section 16 of the National Planning Policy Framework, December 2024.

Notes:

The Local Planning Authority has acted positively and proactively in determining this application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and subsequently determining to grant planning permission.

This decision notice, the relevant accompanying report and the determined plans can be viewed online at http://planning.sholland.gov.uk/OcellaWeb/planningSearch

Biodiversity Net Gain

The applicant's attention is drawn to the following Biodiversity Net Gain requirement.

The effect of Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 is that planning permission is deemed to have been granted subject to the "biodiversity gain condition". The effect of this "biodiversity gain condition" is that development granted by this notice must not begin unless:

(a) a Biodiversity Gain Plan has been submitted to the planning authority, and

(b) the planning authority has approved the plan, or

(c) the development is exempt from the biodiversity gain condition.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan if one is required in respect of this permission would be South Holland District Council.

This permission will require the submission and approval of a Biodiversity Gain Plan and Habitat Management and Monitoring Plan (HMMP before development is begun). This is over and above the information submitted and considered as part of this application, and will be required before development is begun, because none of the statutory exemptions or transitional arrangements listed below are considered to apply.

For guidance on the contents, in respect of the details that must be submitted and agreed by the Local Planning Authority, prior to the commencement of the consented development, please see the GOV.uk website and Planning Practice Guidance.

DC_FINAL_DECISION - ODB:14

Statutory exemptions and transitional arrangements

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These can be found at Paragraph: 003 Reference ID: 74-003-20240214 of the Planning Practice Guidance, which can be found at
https://www.gov.uk/guidance/biodiversity-net-gain.

For clarity, the Local Planning Authority do not consider that any of the exemptions apply in this case. As such, the development hereby permitted will be subject to the biodiversity gain condition.

Irreplaceable habitat

If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

For clarity the LPA do not consider that irreplaceable habitats are present at this site.

The Biodiversity Gain Plan must include, in addition to information about steps taken or to be taken to minimise any adverse effect of the development on the habitat, information on arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat.

The planning authority can only approve a Biodiversity Gain Plan if satisfied that the adverse effect of the development on the biodiversity of the irreplaceable habitat is minimised and appropriate arrangements have been made for the purpose of compensating for any impact which do not include the use of biodiversity credits.

Effect of Section 73(2D) of the 1990 Act

Under Section 73(2D) of the Town and Country Planning Act 1990 (as amended) where

(a) a biodiversity gain plan was approved in relation to the previous planning permission ("the earlier biodiversity gain plan"), and

(b) the conditions subject to which the planning permission is granted:

(i) do not affect the post-development value of the onsite habitat as specified in the earlier biodiversity gain plan, and

(ii) in the case of planning permission for a development where all or any part of the onsite habitat is irreplaceable habitat within the meaning of regulations made under paragraph 18 of Schedule 7A, do not change the effect of the development on the biodiversity of that onsite habitat (including any arrangements made to compensate for any such effect) as specified in the earlier biodiversity gain plan.

- the earlier biodiversity gain plan is regarded as approved for the purposes of paragraph

13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended) in relation to the planning permission.

The permitted development requires the formation of a new/amended vehicular access. These works will require approval from the Highway Authority in accordance with Section 184 of the Highways Act. The works should be constructed in accordance with the Authority's specification that is current at the time of construction. Relocation of existing apparatus, underground services or street furniture will be the responsibility of the applicant, prior to application.

For application guidance, approval and specification details, please visit:
https://www.lincolnshire.gov.uk/licences-permits/apply-dropped-kerb
or contact vehiclecrossings@lincolnshire.gov.uk

Please contact the Lincolnshire County Council Streetworks and Permitting Team on 01522 782070 to discuss any proposed statutory utility connections and any other works which will be required within the public highway in association with the development permitted under this Consent. This will enable Lincolnshire County Council to assist in the coordination and timings of these works.

Phil Norman
Assistant Director - Planning and Strategic Infrastructure
South Holland District Council

BUILDING REGULATIONS:
This decision refers only to planning permission as granted under the Town and Country Planning Act 1990. The works that you are proposing may also require Building Regulations and this planning permission does not give authority under Building Regulations to commence work. Please contact the Building Control section for further information on 01775 764557 or bcadmin@sholland.gov.uk

RIGHTS OF APPEAL

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or grant consent subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990 or Section 20 of the Planning (Listed Building and Conservation Areas) Act 1990.

Timescales for appealing

The deadlines for appeals are calculated from the **date of decision** and are as follows for the types of applications below:

12 Weeks	6 Months	8 Weeks
Householder Applications	Planning Permission	Consent to Display Adverts
Minor Commercial Development	Listed Building Consent	
Agricultural Determinations	Other Prior Approval Applications	
Householder Prior Approval Applications		

https://www.gov.uk/appeal-householder-planning-decision

https://www.gov.uk/appeal-planning-decision

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planning inspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

Enforcement Notices

If an enforcement notice was served prior to the planning application being determined then the deadline for appealing is 28 days from the date of the **planning refusal**.

If an enforcement notice is served after the planning application is determined then the deadline for appealing is 28 days from the date of the **enforcement notice** OR **the timescales stated above for each application type** from the date of the planning refusal - whichever is sooner.

Appeals can be made online at: https://www.gov.uk/planning-inspectorate. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in

giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under the order.

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grant it subject to conditions the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of the Part VI of the Town and Country Planning Act 1990 or Section 32 of the Planning (Listed Building and Conservation Areas) Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in Section 114 and related provisions of the Town and Country Planning Act 1990 and Section 27 of the Planning (Listed Building and Conservation Areas) Act 1990.
