TOWN AND COUNTRY PLANNING ACT 1990
WORKS TO A PRESERVED TREE

Reference: H23-0795-21 **Date of Decision:** 1st September 2021

Applicant: Mr A Sterry-Blunt
The Old Rectory
1 Broadgate
Whaplode Drove
Spalding
PE12 0TN

Location: The Old Rectory 1 Broadgate Whaplode Drove Spalding

Description: Works to Whaplode Drove Tree Preservation Order No 1 1966

Detailed Description:

Application regarding an ash tree in the grounds of The Old Rectory, Broadgate. The tree is within Area One of Whaplode Drove Tree Preservation Order No 1 1966.
'Ash tree adjacent to house on North boundary approximately in line with the bowls club boundary with the neighbouring bungalow'

Please see the plan accompanying the Application for the position of the tree.

'Ash. Fell due to large rotten cavity at ground level threatening the stability of the tree.
Has been surveyed by M. W. Goose Tree Care Specialists.
Replace with Sorbus Torminalis'

South Holland District Council hereby give notice that permission has been GRANTED (or equivalent) subject to the following condition(s):

1 That the proposed work is carried out within two years of the date of this decision unless otherwise agreed with the District Council.

2 Work is to be carried out in accordance with BSI 3998 : 2010, 'Recommendations for Tree

Work'.

3 The resulting stump of the tree should be ground out/removed to at least 300mm below ground level, unless otherwise agreed with the District Council, to help reduce the risk of the stump harbouring decay fungi which could infect nearby trees. Take care not to damage the roots of any trees close by.

Notes:

The necessary consent of all other interested parties should be obtained before the works proceed.

It may be advisable to obtain the opinion of a qualified arboriculturist regarding the potential effect that the removal of the tree could have on nearby built structures.

In this case the duty of the landowner is to plant another tree, of an appropriate size and species, at the same place and as soon as reasonably possible.

It is recommended that the tree is replaced with a Sorbus torminalis of at least 1.5 metres high on planting, as near as reasonably practicable to the position of the original tree within a period of twelve months.

Please inform the Local Planning Authority as soon as replanting has taken place and indicate the position of the replacement tree. Section 207 of the Town and Country Planning Act 1990 empowers this Authority to issue a Notice formally requiring replacement trees to be planted.

Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England on Tel: 03000 603900.

Bats are protected species under the Wildlife and Countryside Act 1981 (as amended) and in the event that bats are living in any cavities in the tree(s), or if they are discovered while the works are taking place, please inform Natural England on Tel: 03000 603900 before works proceed.
